Steel Strike Threatens Industrial Gains

Only Few Laid Off In City

Plants Fear Sharp Cuts

The shadow of nation-wide steel and coal strikes threatened to cast a pall over Mansfield's booming industries today.

Although only a handful of men have been laid off due to the strikes so far, plant officials today said the situation might become critical if the steel and coal strikes continue next month.

An official of the Ideal Electric company said seven men were given three-day notices Friday, and seven or eight more will receive notices this week. However, no general lay-off or shutdown is anticipated.

J. H. Ashbaugh, vice-president of Westinghouse Electric corporation, said his company has not had to lay off any men yet, but the company is experiencing difficulties every day due to the steel shortage.

"We can continue operations this week without any question and we think we can get through part of next week," Ashbaugh said. "After that we just don't know," he added.

Tappan Stove company has had no lay-offs so far, and officials there said they can continue operations until the middle of November.

On the brighter side of the picture Dominion Electric officials said there have been no lay-offs at their plant and they do not anticipate any in the near future.

A spokesman for the company said present employment at the plant is the highest since the war.

HIRING WORKERS

Meanwhile, 39 major concerns in the Mansfield area have added a total of 1,600 persons to their payrolls since the middle of July and are scheduled to raise that figure to 2,300 by the middle of November, according to C. W. Handley, manager of the Ohio Employment Service office here.

Electrical and machinery firms are expected to hire an additional 1,900, while rubber concerns and metal fabricators hope to take on an additional 300 workers over their July figures, Handley said.

The increased employment gains raise the total at work in the area to 13,063, Handley said, an increase of nearly 15 per cent over July's figures.

He said manufacturers were responsible for the hiring upturn. Approximately 1,350 persons were hired by producers of electrical machinery, while metal fabricators and rubber products concerns also made significant gains. Most of the addition workers are former employes who have been recalled, Handley said.

Non-manufacturers held employment fairly steady, Handley said, except for minor losses in wholesale and retail trade during the three-month period.

As a result of the recent hiring activity the labor supply has decreased, Handley said. At the beginning of this month around 2,550 persons were seeking positions through the local employment office, he said, 1,375 fewer than on Aug. 1.

Approximately one-third of those seeking jobs were reported to be women applicants. He also revealed that about two-fifths of the men seeking employment were veterans.

Reflecting the gain in the number at work, claims for unemployment compensation have dropped sharply. The average weekly number of workers seeking benefits during September was 2,027, a drop of over 40 per cent from the July average, Handley said. Claims are still high, however, when compared with a year ago when approximately 125 persons were applying for insurance each week, he said.

City Asks Protest Extension

The city of Mansfield will ask the Public Utilities Commission for a 30-day extension to file a protest against the Mansfield Telephone company's application for a rate increase, City Solicitor C. J. Kalbfleisch said today.

The city solicitor today talked with J. A. Woodward, chief engineer of Woodward and Company, Columbiana, Ohio, hired as the city's investigators, and was advised to ask for the time extension.

According to Public Utilities Commission procedure, the deadline for filing the protest to the telephone company's application would be Nov. 28, which is 30 days after the completion of the PUC investigation and report on the application.

Woodward advised the city solicitor today that he has not received a copy of the PUC's report and has not started to work on the case for the city.

The Mansfield Telephone company filed its application for a rate increase June 6. Shortly after that time city council went on record as opposing a rate increase.

But, legislation to authorize hiring a rate expert was sidetracked and once defeated.

HIRED OCT. 6

Finally on Oct. 6, city council did an about face and hired Woodward and Company, engineers and accountants, to assist the city in preparing a case.

City Solicitor Kalbfleisch said he notified the PUC by mail that the city had hired Woodward and Company as its official representative in the case. He asked the PUC to mail Woodward and Company a copy of the PUC report on the application.

However, Woodward says he has not received the PUC report.

Copies of the report were in the hands of city officials Oct. 1. The city then has 30 days to file its official protest to the application if it wishes to present a case at the hearing which will be held on the application.

However, PUC officials say Mansfield has filed no protest, and such a protest must be filed by Nov. 28.

Crazed Man Shoots Ten

WATERFORD, Mich. — (AP) — A crazed, middle-aged farmer shot up two taverns last night, then killed himself after wounding ten persons.

On a mad spree with a shotgun Joe Runyon, 57, terrorized this sleepy little resort village in a begrudging farewell to the world.

Two of his victims, both women, were wounded critically.

Tramping back and forth across a street, Runyon fired seven or eight charges from a 12-gauge shotgun through windows of the two taverns, witnesses said.

At the end of a violent 10 or 12 minutes, he walked a short distance up the street and fired a final charge through his own chest.

This was the last in a series of rapid reloadings. Runyon's gun was a single-shot weapon.

Reported in critical condition today at Pontiac General hospital were Mrs. Irene Zurawski, 37, and her mother-in-law, Mrs. Helen Psciuk, 50.

It was at the Zurawski family's small bar where Runyon made one attack.

Six persons were wounded there and another four at the bar of the Waterford hotel across the street before Runyon shambled away to kill himself.

Auto Manufacturers Nearing New Record

DETROIT — (UP) — The nation's automobile makers will break all-time production annual records tomorrow despite partial shutdowns in the steel shortage, industry experts said today.

Statisticians for Ward's automotive reports said the 5,350,421 vehicle of the year will roll off a U. S. assembly line "sometime tomorrow." By the end of the week the old record of 5,621,715 for U. S.-Canadian output, set in 1929 along with the U. S. high, also would be topped.

Injuries Fatal To Mrs. Leppo

City Resident Dies In Hospital

Mrs. Eva A. Leppo, 86, struck by an auto last Thursday night on West Fourth street, died at General hospital at 12:30 a. m. today, a few hours before her son's burial.

The son, Ralph E. Leppo, died in Fountain, Fla., last Friday and was buried in Bellville, Mich., today.

Mrs. Leppo suffered a skull fracture when struck by an auto driven by a Senior high school student, Virginia Rae Bowie, 17, of 501½ Lexington ton avenue. The aged victim never regained consciousness. She made her home with her daughter, Mrs. O. F. Shivley of 741 West Fourth street.

The 18th victim of traffic accidents in Richland county so far this year, Mrs. Leppo was the fourth person to die in accidents in the city. Fourteen persons had died in traffic at the same time last year in the county.

Relatives said Mrs. Leppo was returning home from a class meeting at the First Christian church when the accident occurred about 10 p. m. Police said Mrs. Leppo had alighted from a city bus at the north curb of West Fourth and Ausdale avenue and had walked behind the bus to cross the street. Miss Bowie told officers she was blinded by the lights of another car passing the bus and did not see Mrs. Leppo until she was only a few feet from her.

RICHLAND NATIVE

Mrs. Leppo was born June 26, 1863 in Little Washington and spent most of her life in Mansfield and Richland county. The widow of David M. Leppo, she was a member of the First Christian church and took an active part in the church organizations.

Besides Mrs. Shivley, she is survived by a son, Clyde L. Leppo of Los Angeles, Calif.; a daughter, Mrs. Nina Leppo Stentz of Detroit, Mich.; eight grandchildren and 11 great grandchildren; two sisters, Mrs. Lovilla Brown of Detroit and Miss Mabel Fleming of Columbus; a half-sister, Mrs. Myrtle Soloday of Mansfield and a half-brother, Howard Fleming of New Mexico.

Funeral services will be conducted at 1 p. m. Thursday at the Wappner funeral home by Rev. Ben. F. Hagelbarger, pastor of the First Christian church. Burial will be in the Mansfield cemetery.

The family has requested that flowers be omitted. Friends may call at the funeral home starting Wednesday evening.

Reds Spurn Atomic Plea

LAKE SUCCESS, N. Y. — (INS) — United Nations circles believe today that President Truman's appeal for international control of atomic energy falls on deaf Soviet ears.

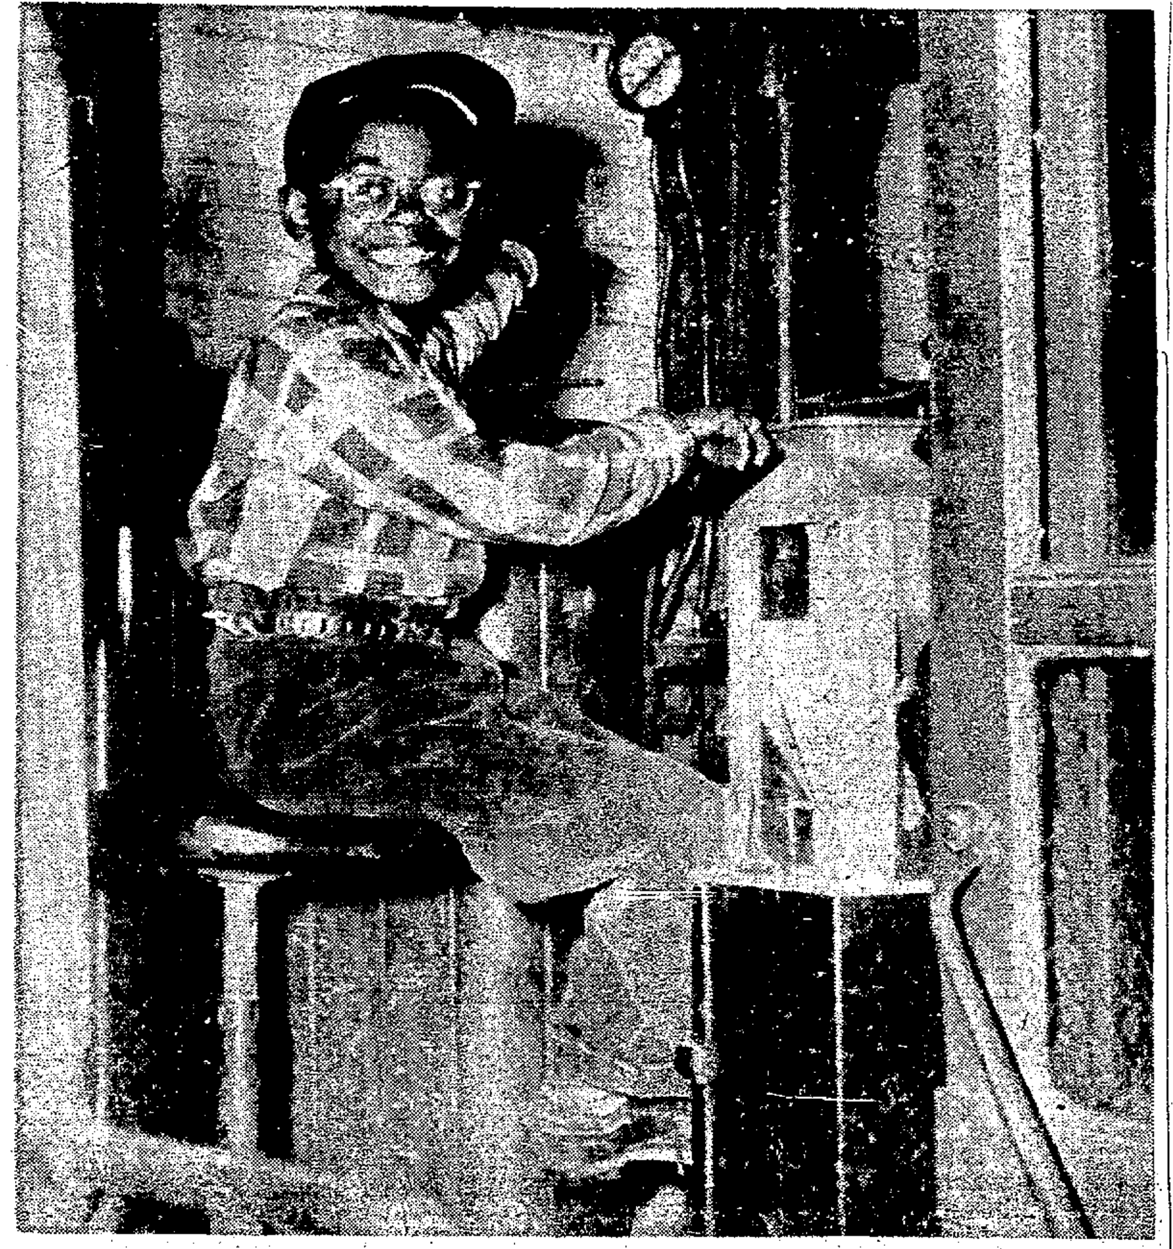
They predicted that the deadlock on the atomic issue will be underlined in a gloomy report by the "big six" atomic committee powers on the hopelessness of the situation.

The report, due next week, is expected to state flatly that the last dozen closed-door meetings have yielded no fruit. Russia, it is believed, will not budge in its opposition to the Baruch control plan, which would kill Soviet veto power over U. N. atomic action.

The committee's report, however, may open the door to the assembly action to outlaw use of the A-bomb except with U. N. consent.

Thomas Faces Exam

WASHINGTON — (AP) — Army doctors were asked to decide today whether Rep. J. Parnell Thomas (R-NJ) is able to stand trial on fraud charges. The trial of the former chairman of the House un-American activities committee has been twice postponed, the last time until Nov. 7.



MARATHON RIDER—Grinning Jimmy Crawford, 7, shows what he wants to be when he grows up as he handles controls of a Pittsburgh Railways trolley. The boy was taken off a trolley by police yesterday after riding 19 hours on a 30-cent pass. He was a little tired but said he still wants to be a motorman.

Goods For Needy Destroyed

Volunteers' Rooms Swept By Flames

The Volunteers of America warehouse, from which many loads of household goods have been taken to reestablish burned-out families, was damaged by fire of unknown origin last night which destroyed most of the furniture stored there.

Lt. Maj. R. L. Gutterman of the Volunteers today estimated damage at about $1,000 for the building, exclusive of the contents. The warehouse is located at the rear of 290 North Main street.

Gutterman praised the work of firemen from Central and No. 2 stations who confined the fire to one end of the building where the blaze was believed to have started.

Among the lost articles were newly-repaired radios, beds, and living room furniture, mattresses and other furnishings, most of them stored in the corner which was destroyed.

Gutterman expressed the hope that no families burn out in the area in the near future. "We just won't have the furniture to put them back on their feet," he said.

Mansfielders who have old furniture in their attics or basements were urged to donate it to the Volunteers to meet any emergency that may arise.

Another call at 10:20 p. m. yesterday sent Central and No. 2 station firemen to the Mansfield Tire and Rubber company. Firemen said an overheated bearing on a rubber mill burned out, causing considerable smoke. Company officials said damage was confined to the bearing which will be replaced.

UEW Ousts Officials

LYNN, Mass. — (UP) — International President Albert J. Fitzgerald of the CIO United Electrical Workers and three of his followers have been ousted from their own local.

In one of the stormiest sessions in the local's history, hooting and jeering members last night rejected a recommendation of their executive board that the four merely be suspended from holding local office for a year.

This would have been meaningless to Fitzgerald who holds no office in Local 201.

Fitzgerald, union organizer Joseph Turkowski and suspended board members Jerome Flynn and Leo Corcoran were specifically charged with "conduct detrimental to the good and welfare of the union."

They were ousted for allegedly ignoring a local membership "mandate" that, as delegates to the recent national UE convention in Cleveland, they vote for presidential candidate Frederick M. Kelley.

Lions Hear Candidates

Wright, Anglin To Address Club

Topping Mansfield's political activity this week will be the joint appearance of the two mayoral candidates before the Lions club tomorrow night, Joe Roby, Lions president, announced today.

Chares O. Anglin, Democratic candidate, will speak tonight to Fourth ward voters about the Country Club No. 3 allotment health problem. Nine infants have died this summer of an intestinal ailment blamed on unsanitary conditions in the allotment.

The Democratic meeting will begin at 7:30 p. m. at Bowman school. William Calhoun, president of the Young Democratic club, will introduce the candidate.

Anglin has indicated he also will speak about the operation of the city's waterworks.

Thomas B. Wright, Republican candidate, and Anglin will speak before the Lions club and answer questions from members and their guests.

Members of the Mansfield Hi-Y will be guests of the Lions and will participate in the question period.

Each candidate will present a brief summary of his position following the question and answer period.

Roby will serve as moderator for the program, with the luncheon getting under way at 6:30 p. m. and the program scheduled to start at 8 at the Mansfield-Leland hotel.

John Hoffman of the cost department of Mansfield Tire and Rubber company, will be taken into membership at the meeting.

Prisoners Develop New Racket

Convicts Draw Tax Refunds In Prison

PHOENIX, Ariz. — (AP) — Three convicts in the Arizona state prison at Florence, Ariz., will be sentenced Monday for filing fraudulent federal income tax refund claims. Three others will be tried on similar charges Jan. 10.

The six defendants, charged with fraudulent refund claims totalling $2,345.93 were arraigned in United States District court here yesterday.

Guilty pleas were entered by the three who will be sentenced next Monday. Pleas of innocent were entered by the three others.

Pleading guilty were Frank H. Simmons, 39, Knoxville, Tenn., serving five to 10 years for robbery; Willie Williams, 34, Ogden, Utah, nine to 10 years for assault with a deadly weapon, and Paul A. Down, 23, Boring, Ore., three to five years for burglary.

To be tried are: Woodrow W. Avery, 31, Tucson, Ariz., under sentence of 15 to 25 years for robbery; Essie Knotts, 39, Austin, Tex., five to 10 years for burglary, and Eddie Thomas, 41, Tucson, Ariz., eight to 10 years for rape.

A month-long investigation was started when Warden Lon E. Walters found a tax refund check in the mail of a long-time prisoner.

Treasury officials in Phoenix explained how the racket was worked. In some cases, they said, convicts forged names of other prisoners as taxpayers on smuggled blank forms on which fictitious employers certified the income and deductions of the "taxpayers."

In others the convict reported nonexistent income and taxes paid—together with dependents and other exemptions—on forms not requiring employer certification.

Aged Romeo Disturbed By 'Love Rival'

CHICAGO —(UP)— Sigmund Engel, accused as a swindler of lonely ladies, apparently faced a love rival today as a jury of six men and six women prepared to hear charges that he bilked Mrs. Rezeda Corrigan, a Chicago widow, of $8,700.

Engel, who is 73, lost his customary serenity when Norman Cheloquist, 40, appeared on the scene and began tossing charm in the vicinity of Mrs. Pauling Langton Engel, the lady that Engel calls "my one and only true wife."

New Storm Hits Attlee Budget Plan

Prime Minister Under Attack

LONDON — (AP) — Prime Minister Attlee hit a political storm today—a whirlwind of charges he was too timid with economies meant to keep Britain from going broke.

Even large sections of his own Labor party were let down by the plan Attlee discussed before the House of Commons yesterday: a plan to whittle £280,000,000 ($784,000,000)—or eight per cent—from the country's £3,300,000,000 ($7,240,000,000) budget.

For two weeks the nation had been built up to expect a really drastic belaboring. When it came, Conservative Leader Winston Churchill summed up the reaction of many: "Is it adequate to the need in which we stand?"

It seemed likely Churchill would again demand a quick election to let the people give judgment on the socialist regime.

Many political observers judged that Attlee himself had suffered a damaging blow in political prestige.

Attlee's economies were designed largely to stem inflation feared as a result of the devaluation of the pound from $4.03 to $2.80 last month.

They hit hardest at new building projects. The premier cut down on house building and many other kinds of construction, including schools, hospitals and power projects.

He promised to save £30,000,000 $84,000,000)—without saying exactly how—on defense, and to trim administration costs in other ministries.

But the ones that struck the taxpayers were small — small rises in a few food prices by removal of subsidies. A charge of up to a shilling (14 cents) for medicines previously given free under the national health program, and a one-penny rise in the charge for school lunches.

Woman Adds New Part To Modern Cars

OTTAWA Canada — (AP) — Mrs. Fred Browne said she stopped and got out when she heard a clanging noise under her brand new car.

The car seemed to be running all right without the big steel disk lying on the road but she decided to take it home for her husband to look at.

"I just tugged and pulled," she said, explaining how she loaded it into the car trunk. "I guess I was so scared I'd wrecked the car that I could have lifted almost anything."

Hubbie took one look at the big steel disk and suggested she take the manhole cover back to the city works department.

Schedule Hearings

WASHINGTON — (UP) — The Federal Trade commission today went ahead with plans to hold hearings on charges that the B. F. Goodrich company, New York, sells shoes at discriminatory prices.

PICKS NEW DELEGATE

MANILA, Philippines — (UP) — President Elpidio Quirino today appointed Ambassador Joaquin Elizalde as the new Philippine delegate to the United Nations assembly, replacing Miguel Cuaderno.

CIO Plans Walkout War Chest

Assessment Ordered By UE

(Compiled from Wire Dispatches)

WASHINGTON—The government's top labor troubleshooter, Cyrus S. Ching, was to make a direct report to the White House today on the deadlocked coal and steel strikes.

His report of lack of progress toward settling either of the economy-damaging walkouts may prompt a revision of administration strategy in dealing with the crisis.

At Cleveland, CIO leaders were reported ready to recommend a multi-million dollar "standby" war chest for the striking steelworkers. Reliable reports said the executive board would vote for all-out support to the striking steel union.

Meanwhile, the executive board of the left wing CIO United Electrical Workers has ordered the union's 600,000 members to raise a 'war chest' to support the steel and coal strikes.

The board said the Steelworkers and United Mine Workers were bearing the brunt of a "drive of big business to destroy unions" and that the two groups would need all the help they could get from fellow unionists. No estimate was made of how much money the UE planned to raise.

OUSTER HINTED

The electrical union is one of a dozen allegedly left-wing units that CIO president Phillip Murray plans to try to eject from the CIO when the organization holds its national at Cleveland next week. Murray made it clear to newsmen last night that he plans to ask leaders of the left-wing unions to either follow CIO policy or get out.

Murray reserved comment on the action in New York of the UEW in ordering the union to raise the national strike fund.

At Bluefield, W. Va., operators and John L. Lewis' union negotiators gathered for what could be their last contract talk before federal intervention in the soft coal strike.

Neither the United Mine Workers nor the Southern Coal Producers association bargaining teams had any real hope that a basis for ending the five-week old strike would come out of their conference.

The SCPA represents about 97,000,000 tons of annual production—one sixth of the country's bituminous coal output. It is the only group still holding formal contract talks with the UMW.

There were clear indications that the next real development in the strike that is beginning to pinch the nation's economy would come from Washington.

Cyrus H. Ching, federal mediation service director, is believed to be ready to turn his attention again to the coal dispute.

Mansfield Locals Not Told of Plan

Mansfield CIO Locals 711 and 758, United Electrical Radio and Machine Workers said they had not been asked to contribute to the Steelworkers' strike fund. They added that if such a request comes through, a meeting of the executive boards will be held before action is taken on the request.

Policeman Held In Death of Housewife

SPRINGFIELD — (INS) — A Springfield policeman was held today to a special session of the Clark county grand jury which will probe the slaying of a housewife with the patrolman's gun.

Wesley J. Southard, 29, a former Freeport, N. Y., resident, has been suspended as a patrolman and is in the Springfield city jail. It was not immediately determined if a bond would be set for the ex-patrolman.

BULLETIN

GALION —Ralph Rinehart, 54, Mt. Gilead, R. D. 1, was seriously injured today when a bull crushed him against the barn on the Rinehart farm near the Morrow county home. Rinehart was trying to drive the animal into the barn. Attaches at Galion City hospital where Rinehart was taken said he suffered multiple lacerations on his forehead, chest and arms, possible internal injuries, dislocated right shoulder, three fractured ribs on the left side and a possible fractured rib on the right side and fractured right cheek.

Mansfield Amateur Boxers Win Four Fights

Esbenshade Winner In Top Go of Card

BY CHARLEY STINE

Friendly House boxers celebrated their first show in the new Friendly House building last night by winning four of the six bouts in which they participated.

Some 500 fans looked on as Don Esbenshade, Mansfield's top amateur, won a clear-cut decision from Dick Butcher of Akron in the main event. It was the eleventh victory in 14 fights for the blond middleweight.

Esbenshade had lost a close decision to Butcher last winter but "Little Joe Palooka" was the master all the way last night. He had Butcher clinching often in the last round although actually the three-round AAU distance was not long enough for the two experienced battlers. Esbenshade was unmarked at the final bell.

Eight other bouts were presented and only two were decided by wide - margin decisions. Two went on ko's but the outcome of the other five was in doubt until the announcement of the judge's decision. One bout was called off.

Biggest upset and hottest bout of the night was the fifth in which Akron's Bucky Gardner won a split decision from Joe Neidig of Marion. Neidig, an experienced campaigner, exhibited some clever footwork in keeping Gardner in a corner, but the two-headed Akron boy was too rough on the in-fighting.

Neidig was the outstanding boxer in the Friendly House tournament in 1948. He had a one - pound advantage on Gardner, 132 to 131.

CARNEY WINS

In the semi - final, Friendly House lightweight Howard Carney copped a close decision from Jessie Smith of Akron. The bout was three solid rounds of toe-to-toe punching and both boys were still going at it for all they were worth at the end.

Ollie Mayweather, a 166-pounder and Welterweight Gene Armbruster were the other Friendly House winners. Mayweather won a close decision from Willie Parker of Akron while Armbruster had little trouble with Marion's Jack Malone.

The complete card:

Robert Young, 136 (Akron) decisioned John Sawyer, 134 (F-H).

Gene Armbruster, 145 (F-H) decisioned Jack Malone, 147 (Marion).

Jack Laffolette, 116 (Akron) knocked out Jack Davis, 113 (Marion) in 1:00 of second round.

Jerry Jacobs, 137 (Akron) won technical knockout over Jack Armbruster, 140 (F-H) in 1:10 of third round.

Bucky Gardner, 131 (Akron) decisioned Joe Neidig, 132 (Marion).

Ollie Mayweather, 166 (F-H) decisioned Willie Parker 162 (Akron)

Joe Greenwood 140 (Akron) decisioned Jack Seckinger, 146 (Marion).

Howard Carney, 132 (F-H) decisioned Jesse Smith, 133 (Akron).

Don Esbenshade 160 (F-H) decisioned Dick Butcher 155 (Akron).

Rose Bowl Gab Begins Again In Columbus

By AARON E. LONEY

COLUMBUS — (UP) — The Rose Bowl roar which died to a choked whisper here two weeks ago was quietly being revived today, proof that hope springs eternal in the land of the Ohio State Buckeyes.

A fortnight ago Minnesota crunched into Ohio stadium and had the Buckeyes, 27-0. It looked as if the western conference Rose Bowl entrant had been decided on the spot. But Michigan changed all that last week end by thumping the ponderous gophers.

That put Ohio State back in the running and the fans at work putting the "ifs" together, trying to spell out something like Pasadena.

The next big "if" comes Saturday when Ohio meets Northwestern, still a question mark in the mind of scout Gene Fekete, who has watched the Wildcats perform three times.

"I'll be frank," he told the weekly Ohio State press-radio football luncheon yesterday, "I can't figure them out."

"They look like an up and down ball club," Fekete continued. "They looked bad against Minnesota, good against Purdue, bad against Pittsburgh and good against Michigan."

Fekete said if Northwestern runs true to form and bounces back after its 28-21 loss to Iowa last week, "Ohio State will have a whale of a ball game on its hands this week."

Ohio State Coach Wes Fesler, despite the revival of Rose Bowl talk, maintained a direct opposite point of view.

"In this modern game, too much depends on one bounce of the football, one forward pass that can change the outcome of a whole game," he said.

ONLY THREE GONE

Northwestern will be missing only three regulars from the team which beat Ohio State 21-7 last year and went on to lick California in the Rose Bowl. It also will be a team that upset Michigan 21-20 two weeks ago.

Fekete said Northwestern came out of the Iowa game in good shape and will be at full strength for the Bucks.

Ohio State will be in top notch condition, too, barring any injuries in practice this week, Fesler said. End Tom Watson may be the only player missing from the lineup. He suffered an ankle injury in the Wisconsin game.

The Ohio State skipper gave the team a holiday yesterday, but will resume workouts today. He said he would like to have held practice, "but this is the time of the year when the team starts to get just a little fed up with football and the holiday will do them some good."

Extends Invite To Resume Meets

COLUMBUS — (AP) — A Japanese invitation for the United States to resume swimming competition with Japan in 1950 was extended yesterday to Mayor James A. Rhodes, national AAU president.

The invitation was made by Masaji Kiyokawa, coach for the amateur swimming federation of Japan. Rhodes said he would write Gen. Douglas MacArthur, supreme commander for Japan's occupation, for permission.

Lykens Team Gets Trophy

BUCYRUS — Presentation of the George Trautman trophy was made to the Lykens baseball team, champions of the Bucyrus baseball league during the past season, during the regular meeting of the Y's Men's club here Monday night.

The trophy is the gift of George F. Trautman, native Bucyrian and president of the National Association of Professional Baseball leagues. It was formally presented to the 12 members of the undefeated Lykens team and its sponsor, Edgar Hieber, by Robert Finch, public relations officer of the minor leagues.

Fight Results

Chicago—Pat Iacobucci, 127, Cincinnati, outpointed Bob Henry, 129, Milwaukee, 8.

Washington — Charles Titone, 124, Brooklyn, knocked out Jimmy Cooper, 121, Washington, 6

New Haven, Conn — Livio Minelli, Italy, outpointed Dave Andreas, 147½, Lowell, Mass.

Toledo—Archie Moore 181, Toledo, stopped Phil Muscato, 181, Buffalo, 6

Tucson—Lloyd Marshall, 170 Cleveland, knocked out Watson Jones, 172, Los Angeles 3.

Notre Dame and Army Still Lead College Grid Parade

NEW YORK —(AP)— Notre Dame, Army and Oklahoma rate 1, 2, 3, respectively, among the nation's college football teams in the fourth weekly Associated Press poll, and their positions seem secure for at least another Saturday.

The Irish, idle the past week end and sitting pretty with a record of four triumphs in as many games, should prove most unwelcome guests for Navy, which has won only two of five starts.

Army, with a five-for-five record, will entertain Virginia military institute, beaten in three out of five games.

Oklahoma, victorious in all five starts, will be visited by Iowa state, a team with four wins, one loss and one tie.

Only three of last week's top 10 retained the same places in the latest voting participated in by 143 sports writers and broadcasters. Notre Dame and Army remained first and second and Cornell stayed in eighth position.

The Irish received 120 of the first-place votes to hold the top spot for a third straight week. Army drew only 12 and Oklahoma 10. Notre Dame had 1,387 points, compared to Army's 1,218 and Oklahoma's 1,143. Army, of course, received many second-place votes following its 63-6 slaughter of Columbia.

Back of the three current leaders come California, Rice, Michigan, Minnesota, Cornell, Pennsylvania and Baylor.

Seven of the first 10 teams remain unbeaten and untied. In addition to Notre Dame, Army and Oklahoma, they are California with six conquests; Cornell and Baylor each with five, and Penn with four.

Tulane Drops From Schedule Of Notre Dame

CHICAGO — (AP) — Tulane, drubbed unmercifully 46-7 by Notre Dame, is the latest school to sever football relations with the South Bend Giant, top-ranking team in the nation and undefeated through 32 games.

With several opponents pulling out of the Notre Dame orbit, the old song and dance by Coach Frank Leahy not even being able to get a game with the Chicago Bears is being revived.

But the Irish insist they have no scheduling woes.

Ed "Moose" Krause, Notre Dame athletic director, says:

"There are plenty of good teams eager to play us. Our schedules are drawn up through 1952. In December when the Big 10 conference makes its 1953 slate, we'll go to work on ours. We don't work on schedules during the season."

Tulane's decision to call it quits with the 1950 game, when its six - year contract expires, comes three weeks after a university of Washington regent said his school also is through with Notre Dame.

In five meetings with the Irish, Tulane scored only 19 points while being buried under 204. Washington, in a two-game series with the Irish, was ripped 46-0 in 1948 and 27-7 last Oct. 1. In this season's game the Irish absorbed numerous major penalties. Leahy later blasted the officials after disclosure they had been alerted by movies of the Notre Dame - Washington 1948 clash.

Leahy said he expressed himself to protect his players from insinuations they played dirty ball.

DARK RUMORS

Another series that was allowed to die was the Notre Dame - Army rivalry which reached a crescendo in 1947 in New York. Officially, the games were "getting too big." There also were hints of personality clashes between the Cadets' Coach Earl Blaik and Leahy, plus dark rumors of gamblers trying to muscle in.

Other corking good rivalries also seemed to pass over the boards. Northwestern wouldn't schedule the Irish in 1949, 1950 and 1951, grabbing instead intersectional battles with Army, Navy and U.C.L.A. But it is highly possible the two schools will again resume relations.

Wants To Cancel

CHICAGO — (UP) — Illinois today sought to cancel the state charter of the American bowling congress in a suit charging the group with discrimination in barring Negro members.

The "Deacon's Seat" was a large seat close by the fireplace in a logging camp bunkhouse.

Tired Kidneys Often Bring Sleepless Nights

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. —Adv.

Weber Leads Bowlers With 613

The Richland A bowling league provided the only three honor roll scores last night as competition was waged in six leagues over the Richland and Colony alleys.

Rolling in the anchor position for McCarrick's Gulf Station, W. Weber paced the pack with a 185-237-191—613 while A. Keefer, Oak Park Tavern, had 190-215-201—606. Third place went to Ray Malaska of Richland Recreation with 214-212-178—604.

A poor third game booted Dale Cleckner, Miller's Hi Life, right of the list. Dale opened with a 200 and 220 but skidded to a 167 and a 587 series.

Others: Harold Selby, Richland, 583; Louie Augustine, Sons of Italy, 581; M. Rohal, Oak Park, 568; Al Baki, McCarrick's, 567; T. LeMunyon, McCarrick's, 565, and Wade Clow, Sons of Italy, 565. Baki had the top single game of 242 while Gene Rudolph, Miller's, Glenn Yingling, Oak Park, and LeMunyon each had a 223. W. Huck, Ohio Sport Center, had 222.

Richland moved ahead in the league race by winning three straight from Bellville Foundry. McCarrick's had been knotted for the top but dropped one game to Morgan's Cleaners. Sons of Italy took the other three-game sweep while Oak Park had the top score of 2,724.

★

Lead in the Commercial C circuit at the Colony went to Joe Gansberger, Jim's Recreation, with 218-191-186 — 595. John Spech, Max Diner, was second with 191-183-195—569 while Frank Black, Jim's, had 200,199,169—559.

Others: T. Ansel, Diemer's Hi-Speed, 558; Red Maneese, Wolford Funeral Home, 546; Gene Cusic, Henry Lumber, 546; Jon Workman, Wolford's, 543 and Emmett McIntire, Urschel Insurance, 542. W. Keeler, of Diemer's had a 222.

League-leading Pioneer Printing took three straight from Rex Dairy Bar while Max Diner remained one-game behind by winning three games from Independent Towel. Sixth-place Wolford's led the teams with 2,576.

★

Earl Turner's 193-145-207—545 was tops in the Gorman-Rupp league while Harvey Hildebrand had 152-154-185—491. Others, Joe Laibach, 490; Bud Hopkins, 489 and Jim Bly, 469. Dale Snavely had a 204.

★

Helen Wilhelm, rolling in the leadoff position for Kafer's Flowers, paced the Women's Variety league with a 526. She had games of 181, 195 and 150. Competing on the same team, Hazel Hilborn had 187-130-196—513.

Others: Arlene Peters, Wilson Auto Sales, 498; Bertha Young, Mitsch's Corner Store, 485; Nellie Forman, Farmer's Market, 468; Dot McDevitt, Farmer's, 464, and Mary Campbell, Wilson Auto, 462.

Larimore Realty won the only sweep from Farmers Savings and Trust. Kafer's led the teams with 2,211.

★

Rose Fanello had the top score of 136-140-159—435 in the Mansfield Tire Women's league. Chris Au nabbed second with 129-112-192—433.

Others: Mary McCumber, 420; Ann Toth, 413 and Emma Frontz, 408.

★

Baku Grotto slipped into first place in the Club league race by winning two of three games from University club while Globe Steel won only one from Lumbermens. Globe had led the circuit.

Individual honors went to Pete Linster, American Legion, with 160-183-214—557. John Hoff, Liederkranz, was second with 159-214-178—551.

Others: Jim Miller, Lions club, 538; K. Abbott, Lions club, 536; Dean Miller, University club, 531; M. Cairns, Lions, 515; Phil Hergatt, Baku Grotto, 511 and J. Bell, Schoolmasters, 505. D. Nichols, Lumbermens, had a 220 and J. Miller hit a 217.

Lions topped the teams with 2468.

Maxim, Kahut Battle Tonight In Cincinnati

CINCINNATI — (AP) — Joey Maxim and Joe Kahut, two young men who aspire to a crack at Ezzard Charles for the NBA world's heavy-weight boxing championship, will settle their part of the challenging here tonight—barring a draw, of course.

From there on it will be up to their managers and the promoters to see what can be done about a heavyweight championship bout.

The light hitting Maxim, who hails from Cleveland, and Kahut, who calls Portland, Ore., home, will battle it out over the 10-round route in the Cincinnati garden. Maxim is recognized as the NBA American light heavyweight champion but his title will not be at stake. Both fighters figured to enter the ring at between 182 and 184 pounds.

Promoter Sam Becker said today he would make every effort to match the winner against Charles—but in that he'll have to deal with Joe Louis' international boxing club which has first claim to Charles' services.

New Manager

SAN DIEGO, Calif. — (AP) — The San Diego baseball club of the Pacific coast league today announced that Del Baker would be its next manager.

Drop Case Involving Horse Deal

Richwood Couple Had Denied Guilt

BUCYRUS — Prosecutor Leo J. Scanlon announced here today the state's case against John and Maude Willis of Richwood, indicted by a Crawford county grand jury last July for intent to defraud, has been dropped at the request of the complainant, Harvey C. Klink, Bucyrus horse dealer.

Klink had charged the Richwood couple falsely represented a horse to him, claiming the animal was a standard-bred race horse with a pedigree and lineage.

By reason of such pretense, Klink charged the couple fraudulently obtained from the Klink and Brooks Sales company in trade, a two-year-old colt plus $1,500 cash.

Following their indictment by the grand jury, the couple pleaded not guilty at their arraignment July 9 before Common Pleas Judge C. U. Ahl here.

The case was assigned for trial in September but later taken out of assignment and subsequently dropped, Prosecutor Scanlon stated.

Galion CE Units Get County Awards

GALION — Christian Endeavor societies of two Galion churches received the awards at the Crawford county CE Rally held Sunday in Bucyrus at the St. John's Reformed church.

The awards which are bronze plaques went to the CE society of the Church of Christ for having the largest percentage (425 per cent) of membership in advanced registration, and to the CE society of First Reformed church for the largest attendance.

This was the first year the awards have been offered. They were instituted at the suggestion of Rev. Turner Holt, pastor of the Church of Christ, Galion. Rev. Holt is Life Problems superintendent of the state CE board.

100 Cubbers Hold Party In Shelby

SHELBY — Jim Patrick and Donald Yetzer won prizes for the funniest and best dressed costumes last night as 100 Cub Scouts of Pack No. 1 enjoyed their annual Halloween party and pack meeting. It was held in the Little Scout House at Seltzer park.

Bobcat pins were awarded John Stiteler, John Stevenson and Ronald Simon. Mike Devine got a denner stripe, lion badge, gold arrow and two silver arrows.

Donald Yetzer was named keeper of the buckskin and James Fath received a denner stripe.

Willard P-TA Lifts Membership Barriers

WILLARD — At a recent meeting of the Parent-Teacher association, a new bylaw was approved by members. It is to admit any one interested in P-TA work to membership; previously only teachers and parents with children in school or of preschool age were allowed to join.

A membership of over 500, including 115 fathers, was reported by Mrs. Gerald Kimble, membership chairman.

District Rotary Governor Speaks Before Galion Club

GALION — An inspirational talk was given to members of the Galion Rotary club Monday night at the dinner-meeting in Hotel Talbott, by Henry A. Mickley of Marion, district governor of District 227 of Rotary.

"Rotary is a large organization, international in scope, having more than 6,800 clubs throughout the world in 82 countries or territories comprising 330,000 Rotarians," the speaker said in opening his address. Last year there were 365 new clubs either chartered or re-established, Gov. Mickley pointed out.

As an international organization, Rotary is helping to create a better understanding between peoples and nations, the speaker said. Although it is a large organization, nevertheless the development and its work depends upon the individual member of each club.

Gov. Mickley mentioned three objectives which will be stressed by Rotary this year: first, information regarding Rotary and all of its phases to new members; second, the spread of better business and professional ethics through setting examples; and third, to increase interest in the international service.

Rotary International is one of the five non-governmental agencies in the United Nations. Many of the UN delegates are Rotarians, Gov. Mickley explained.

During the business session, the Rotary club voted to give $100. to the Community Chest.

Ashland Extends Chest Fund Drive

ASHLAND — With only $2,697 needed to meet the Ashland Community Chest goal of $31,900, the campaign is being continued this week in an effort to reach the goal.

H. R. Ganyard, campaign chairman, is urging his volunteer workers to seek out every person who has not yet had an opportunity to contributed to the campaign.

Since its inception, Ashland Community Chest never yet has failed to meet its quota.

Shelby Plans Big Parade Friday Night

Public Halloween Observance Nears

SHELBY — Goblins, witches, clowns and princes plus other creations of the human mind will be present when the grand parade gets under way Friday night at the annual public Halloween celebration sponsored by the Junior Chamber of Commerce.

The affair planned each year for the entertainment of children has captured the youth in the older persons and as a result the annual affair has become a gala celebration for all.

Contests for the children will include apple-bobbing bubblegum blowing, ballon blowing and the hidden treasure search, which utilizes the ancient art of diving for hidden coins in a tray of flour.

The parade will form at 7:30 p. m. at Wentz avenue and march down the main streets. The American Legion band and the Shelby high school Whippet band will participate in the parade.

Co-chairmen for this year's affair are John Russel and Forrest Ellis.

Scouts Hold Early First Aid Drill

NEW LONDON — No bugle "reveille" but the strident ringing of telephones roused 21 Boy Scouts for an "emergency hospitalization" early Saturday morning. Within 57 minutes these boys, representing 90 per cent of Troop 217 were at their Scout cabin in Recreation park here.

Byron Knutsen, local schoolboy "victim," was found, after a thorough search, under a tree "suffering from exposure and a fractured leg." While an ambulance was en route a fire was built and first aid given the "patient."

Upon returning to the cabin here a review was held by Doug Ross, scoutmaster. The drill was led by K. C. DeGood, school superintendent, S. M. Eastman, assistant scoutmaster, and Doug Ross.

MEET ON WEDNESDAY

HAYESVILLE — Members of the local Lions club will meet at 7:30 p. m. Wednesday at the Atterholt Diner.

ASHLANDER ELECTED — Ralph J. Switzer, of Ashland who has been a State Highway department employe since 1926 and a charter member of Ohio Civil Service Employes association, has been elected president of the group to succeed Charles C. Core, of Columbus. Switzer served as president of the Ashland chapter several years and as a member of the state executive board, being its vice president the past two years. During the past two years he was chairman of the association's legislative committee which handled the Job Classification and Wage Adjustment Act.

Swim Classes Scheduled For Children

Instruction Will Be Started Nov. 12

A water safety program for Mansfield's fifth and sixth grade pupils will be started Saturday, Nov. 12, Harry Mehock, physical education director, said today.

Classes in swimming will be organized at the Senior high school pool, beginning at 8 a. m. each Saturday. A total of 1,200 pupils will be eligible to join in this program, Mehock said.

Pupils must obtain their parents' consent. Blanks are being sent out to all fifth and sixth graders to take home to their parents, according to Mehock. Pupils may be either swimmers, or beginners, he said.

The program will be inaugurated here with the cooperation of the Richland county chapter of the Red Cross. Gerald Coron, water safety and first aid director of the Red Cross, will teach classes and he will be assisted by Don Elias.

Other volunteer instructors will be added if the attendance warrants it, Coron said today.

Mehock has emphasized three objectives in planning the program for elementary pupils. It will provide large numbers of pupils with training in swimming; it will increase understanding of the hazards of water sports and the precautions that must be taken and better swimmers will have a chance to learn water rescue techniques, Mehock said.

As soon as blanks are returned to Mehock, he and his staff will assign pupils for particular hours. It is not yet known how long each class will be. The number enrolling will determine that, Mehock said.

Deaths In Area

H. Harmon Kaylor, Richland County Farmer, Dies At 79

LUCAS — H. Harmon Kaylor, 79, lifelong Richland county resident who resided on a farm three miles east of here, died suddenly Monday afternoon while seated in his automobile in Mansfield.

Although in ill health, Mr. Kaylor accompanied his wife to Mansfield on a business trip. Upon returning to the car she found him slumped over in the seat. Death was attributed to coronary thrombosis. Besides his widow, Mertie, Mr. Kaylor is survived by several nieces and nephews.

Mr. Kaylor, a member of Mt. Zion Lutheran church, had served on the board of education and Monroe township trustees.

Services will be at 2 p. m. Thursday in the Byerly funeral home here with his pastor, Rev. James Lumadue, officiating. Burial will be in Mt. Zion cemetery. Friends may call at the funeral home.

ANDREW W. BAIR

GALION — Andrew W. Bair, 56, chief clerk of the Erie railroad here, was found dead in his home at 632 North Columbus street at 1:45 p. m. Monday by his daughter, Mrs. Calvin Smith, and J. E. Blazer, Erie railroad freight agent. Failure to report to work prompted the investigation. Dr. O. R. Kackley, Crawford county coroner, said death was caused by a stroke of apoplexy and placed the time of death at 7:30 a. m.

A native of Whetstone township, Crawford county, Mr. Bair was a member of First Reformed church, the Eagle and Moose lodges and the Brotherhood of Railway Clerks and Station Employes. For the past 33 years he has resided here, coming from west of Galion.

Surviving are his widow, Hazel; two daughters, Mrs. Smith and Mrs. John A. Flowers of Mansfield, and two granddaughters, Jeanette and Linda Flowers, of Mansfield. Rites will be at 2:30 p. m. Thursday in the Snyder funeral home here with Rev. R. R. Elliker, First Reformed church pastor, officiating. Burial will be in Olentangy cemetery, west of here. Friends may call at the funeral home.

★

BASIL M. KEILLER

ASHLAND — Services will be at 2 p. m. Thursday in the Evangelical United Brethren church here for Basil M. Keiller, 41, of 703 Hale avenue and a World War II vet, who died at 9 p. m. Sunday in Crile Veterans hospital after a lingering illness. Rev. G. A. Clymer, pastor, will officiate and burial will be in Ashland cemetery in charge of the local Denbow-Bear funeral home.

A native of Pleasanton Center, Mich., Mr. Keiller had resided in Ashland county 31 years and for 23 years was an employe of the F. E. Myers and Brother company here. Mr. Keiller was a member of the EUB church and the American Legion.

Surviving are his widow, Viola; a son, Conway Arthur of Ashland; his parents, Mr. and Mrs. Kenneth Keiller of Ashland, and a brother, Kenneth of Ashland. Friends may call at the funeral home Wednesday evening.

★

MRS. ANNA FACKLER

SHILOH — Services were to be held at 2 p. m. today in the McQuate funeral home here for Mrs. Anna Naomi Fackler, 63, lifelong Richland county resident, who died early Sunday in Shelby Memorial hospital after a lengthy illness. Mrs. Fackler was a member of Ganges Reformed church and the Get Together club.

Mrs. Facler leaves her husband, Delbert; two daughters, Mrs. D. L. Smith and Mrs. W. J. Lawrence, of Plymouth; four sisters, Mrs. Ivan Smith, Mrs. T. E. Swartzkopf, Mrs. Mary Flockenzier, of Mansfield, and a brother, Glenn A. Laser of Mansfield; five grandchildren and one great grandchild.

Rev. Harlan J. Miller was to officiate at today's services with burial in Oakland cemetery at Shelby.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Revision Of Bible Predicted

Scrolls Clear Up Obscure Sections

WASHINGTON — (INS) — Dr. John C. Trever, authority on the scriptures, believes today that the old Biblical scrolls found in a Holy Land cave will cause revision of the standard Bible.

Trever, the first expert to examine the ancient Hebrew scrolls written 200 years before the Birth of Christ, commented: "I think the discoveries will give new meaning to certain passages of the Bible which have seemed somewhat obscure."

The scrolls, found in a cave about five miles south of Jerusalem, high on a cliff overlooking the north end of the Dead sea, are on exhibit at the Library of Congress.

So high is the interest in the rare documents that more than 1,200 persons an hour have been pressing into the library.

They were found in 1947 when a goat, apparently seeking greener pastures, led his Arab shepherd to the cave's opening.

Trever, a member of the committee for the Revised Standard Version of the Bible and a director of the international council of religious education, pointed out that the "Bible of the common man" is the King James Version, written in 17th century England. Trever told the international news service:

"Years will be necessary before all the values of the scrolls are studied and gleaned, but already a committee of scholars is revising the standard Bible.

"They have been able to make use of the Dead Sea scroll of Isaiah — greatest single find among the documents — for the revision of the book of Isaiah.

"Although this scroll does not radically change the knowledge of the Book of Isaiah, many parts are thrown into a more significant light and obscure passages made easier to understand.

"This is but one of the many reasons which have led to the proclamation of the discovery of the scrolls as the greatest manuscript find of modern times."

The dark brown leather documents were cenceealed before the time of Jesus in earthenware jars and placed in a cave high on a cliff overlooking the Dead Sea. Some of the scrolls were wrapped carefully in linen, but at least one had been hurriedly hidden, Trever said, apparently in the face of danger.

He said that 17 complete scrolls have been identified in the ancient treasure and 250 fragments of documents have been found.

Rural Women Open Series Of Meetings On Color

The winter program of the Richland County Home Demonstration department opened today with the first of a series of meetings and discussions on color.

Miss Mabel Spray, nome de-
Miss Mabel Spray, home demonstration agent, said the topic for discussion this week will be "Becoming Colors in Your Wardrobe." The relation of colors to personality and good color combinations will be discussed during the meetings. All will start at 10:30 a. m.

The first session was held today at the home of Mrs. Georgia Oswalt, Weller township.

The Wednesday meeting is to be held at the home of Mrs. Grace Litt, of Walnut Hill. Women at that meeting will have a covered-dish dinner.

Thursday, Mrs. William Betts, Westlawn drive, off the Park avenue west road, will entertain. This meeting will be for Ontario women and they will also have a covered-dish dinner.

Friday's session will be in the Bellville Community House and there will be a sack lunch.

"All of these meetings are open to anyone who is interested," Miss Spray said

Children Left Out In Cold, 2 Jailed

JEFFERSON — (AP) — A Rock Creek couple who left two minor children shivering in a truck while they visited a beer parlor received a six-month jail sentence for the act yesterday.

Judge J. Philip Perry of the Ashtabula county juvenile court passed the sentence on Floyd E. Marsh, 26, and his wife, Marie 30. They pleaded guilty to the offense which occurred last Christmas.

Form New Church Unit

Several members of the Mansfield Church of Jesus Christ of Latter-day Saints, including Jerry Saunders, who is in charge of the Sunday school, are planning to attend a special conference of Mormon church officers and members from Indiana, Ohio, and Michigan at Ft. Wayne, Ind., Saturday and Sunday.

The conference is being held to form the three states into a new administrative unit of the Church of Jesus Christ of Latter-day Saints.

The new area will be named the Great Lakes mission and will include all local congregations and missionary activities of the church in the three states. It previously was part of the Northern States mission which recently was reorganized to include Illinois, Iowa, and Wisconsin.

The new Great Lakes mission will include approximately 6,000 local officers and members and 100-full-time missionaries in the three state area.

The conferences Saturday and Sunday will be directed by Elder Spencer W. Kimball and Elder Henry D. Moyle, of Salt Lake City, Utah, who are members of the council of 12 apostles of the church. They will be accompanied by Creed Haymond who has directed the six-state Northern States mission since December, 1945.

Southworth Lauds Yellow Margarine

COLUMBUS — (AP) — Billy Southworth, manager of the Boston Braves yesterday gave yellow margarine a pat on the back.

Southworth, who in the off baseball season spends his time on a 125-acre farm near Sunbury, said: "The thing that disturbs me is that the butter people, by pushing off the margarine mixing job on Ohio housewives, are alienating a great many consumers against agriculture."

The population of Oregon, Washington and California has increased 41 per cent since 1940.

'Forgotten Men' On Increase

Thousands Drift Into Skid Rows

(By United Press)

More and more "forgotten men" are drifting into the skid rows of 45 cities across the nation and suffering may be "tragic" this winter, a United Press survey showed today.

About 95,000 men live in the run-down areas of Los Angeles, New York, Boston, New Orleans and Chicago alone. Thousands of others were uncounted in other metropolitan areas.

Welfare workers said the men lived amid filth, degradation, and vermin, most of them alcoholics who would literally sell their blood to get money for a drink

Although flophouse beds cost as little as 20 cents a night, most men would rather sleep in a doorway or in alleys to spend their pennies for cheap wine. If they can't get that, they drink wood alcohol, bay rum, or canned heat.

Many of the young men slipping into the drifters' life are World War II veterans, unable to adjust to civilian life.

Missions reported they were turning away "thousands every night that we just can't handle."

Of the cities surveyed, only seven had no segregated "skid row" neighborhoods.

Most cities blamed increased drifter populations to increased unemployment. But a survey in one city showed that 45 per cent of the gaunt-eyed men slipped to their low level because of drink. Other causes given were mental instability, laziness, old age, poor health and family troubles.

Buffalo and Kansas City reported that campaigns to clean up conditions were winning out. The campaigns included the building of dormitories and stricter enforcement of vagrancy and drunkenness laws.

In Chicago, the Daily News recently published a series of articles describing life on West Madison street in graphic detail. The articles shocked the city and forced authorities to take action

Cleveland Salvation Army officer Peter F. Hofman said, however, it's "not in the cards" to clean up the areas because the men who dwell in them "don't want to be helped."

Chicago, with an estimated 20,000 floaters, has its worst situation in history. Al Reiner, proprietor of the House of All Nations saloon said "the mob on Madison street now is the crummiest I've ever seen."

The tuberculosis rate on the street shot upward 39 per cent last year when the national rate dropped 4.4 per cent.

In New York, a drink crazed Bowery resident assaulted two nuns, causing police to raid the lower east side area and pick up 50 derelicts.

Resume Card Play Nov. 4

Men's pair bridge and pinochle leagues will be formed at the next meeting of the Prospect Park Bridge and Pinochle club which will be held at the park pavilion Nov. 4, it was announced today. Play will begin at 7:30 p. m. with at least 50 men expected to be on hand.

H. W. Anderson, who is in charge of this park activity said no games were played in these leagues last Friday because attendance was small due to the Mansfield-Massillon football game that night.

Membership in the club is open to all Mansfield men whether they live in the park area or not, Anderson said. Men may either bring their own partners or select them at the pavilion.

Hurt By Horses

NEWARK — (AP) — Gary Brown, 10 - year - old son of Mr. and Mrs. Willard Brown, suffered a possible skull fracture yesterday when a team of horses tied to a wagon he was riding on galloped straight for a tree. The horses ran on either side of the tree, and the wagon crashed into it head-on.

British Novelist Says 'Ghost Voice' Dictates Latest Books

LONDON — (INS) — An English novelist has told her publishers that she wants no money for her latest two books, because they are being dictated by a "ghost voice."

Frances Dale, who already has nine books to her credit, identified the "voice" as "the high priest of the lost island of Atlantis."

The writer told the London Daily Mail that she did not believe in spiritualism, "but I know I am not responsible for the book."

And that is why Miss Dale refuses to accept payment.

Publisher Andrew Dakers said he was amazed by the writer's story but "I am convinced she sincerely believes what she is saying. Dale seems to be a calm and sensible person but she is convinced she has no claim to the book."

Miss Dale told the newspaper that her first experience with the "voice" came while she was working in her apartment.

She said the "voice" identified himself as the high priest Armartus, and his message warned of the "terrible dangers" threatening civilization.

A recently developed device makes possible the use of an ordinary garden hose as a fruit tree sprayer.

Meet Bill Freeman — Another "Do-it-yourself" American

Made his ideas add up!

No convincing William E. Freeman of Atlanta, Georgia, that a shop helper can't make himself new opportunities—today especially! Even with time out for three years' Navy duty in the war, Freeman worked up from truck repairman in 1939 to a supervisor's job with H. W. Lay Co. in 1946. He kept a sharp eye out for opportunities for plant improvements. And he made his ideas work! Without a high school diploma, he taught himself about machine layout; processing, packaging. For Freeman it all added up to a key executive's spot. Today at 37, he's plant engineer . . . *and he got there on his own!*

☆ It's the American Spirit!

BILL FREEMAN would be the first to tell you he's no exception; you'll find folks like him on every Main Street in the country. Folks who *today* are opening up "new frontiers" for themselves in the American "do-it-yourself" spirit. They're making their own energy and ideas add up to a better life for themselves and their families—and for America!

An example of the strength of this do-it-yourself spirit is all around you: 78 million Americans, wanting to take care of their own *on their own*, are providing for their wives and children through life insurance. Their life insurance serves another way, as well. It indirectly makes opportunities for more jobs, for better schools and highways . . . for better living. These opportunities come from life insurance dollars invested in industry and government, in homes and on farms.

Since life insurance does so much for so many, more and more people turn to it every year. While life insurance must grow to meet their needs, the business remains a personal business, too. For each of the country's 150,000 trained life insurance agents gives his individual service to the men and women in his community. These Agents represent 584 individual life insurance companies, each one competing actively to help Americans *help themselves!*

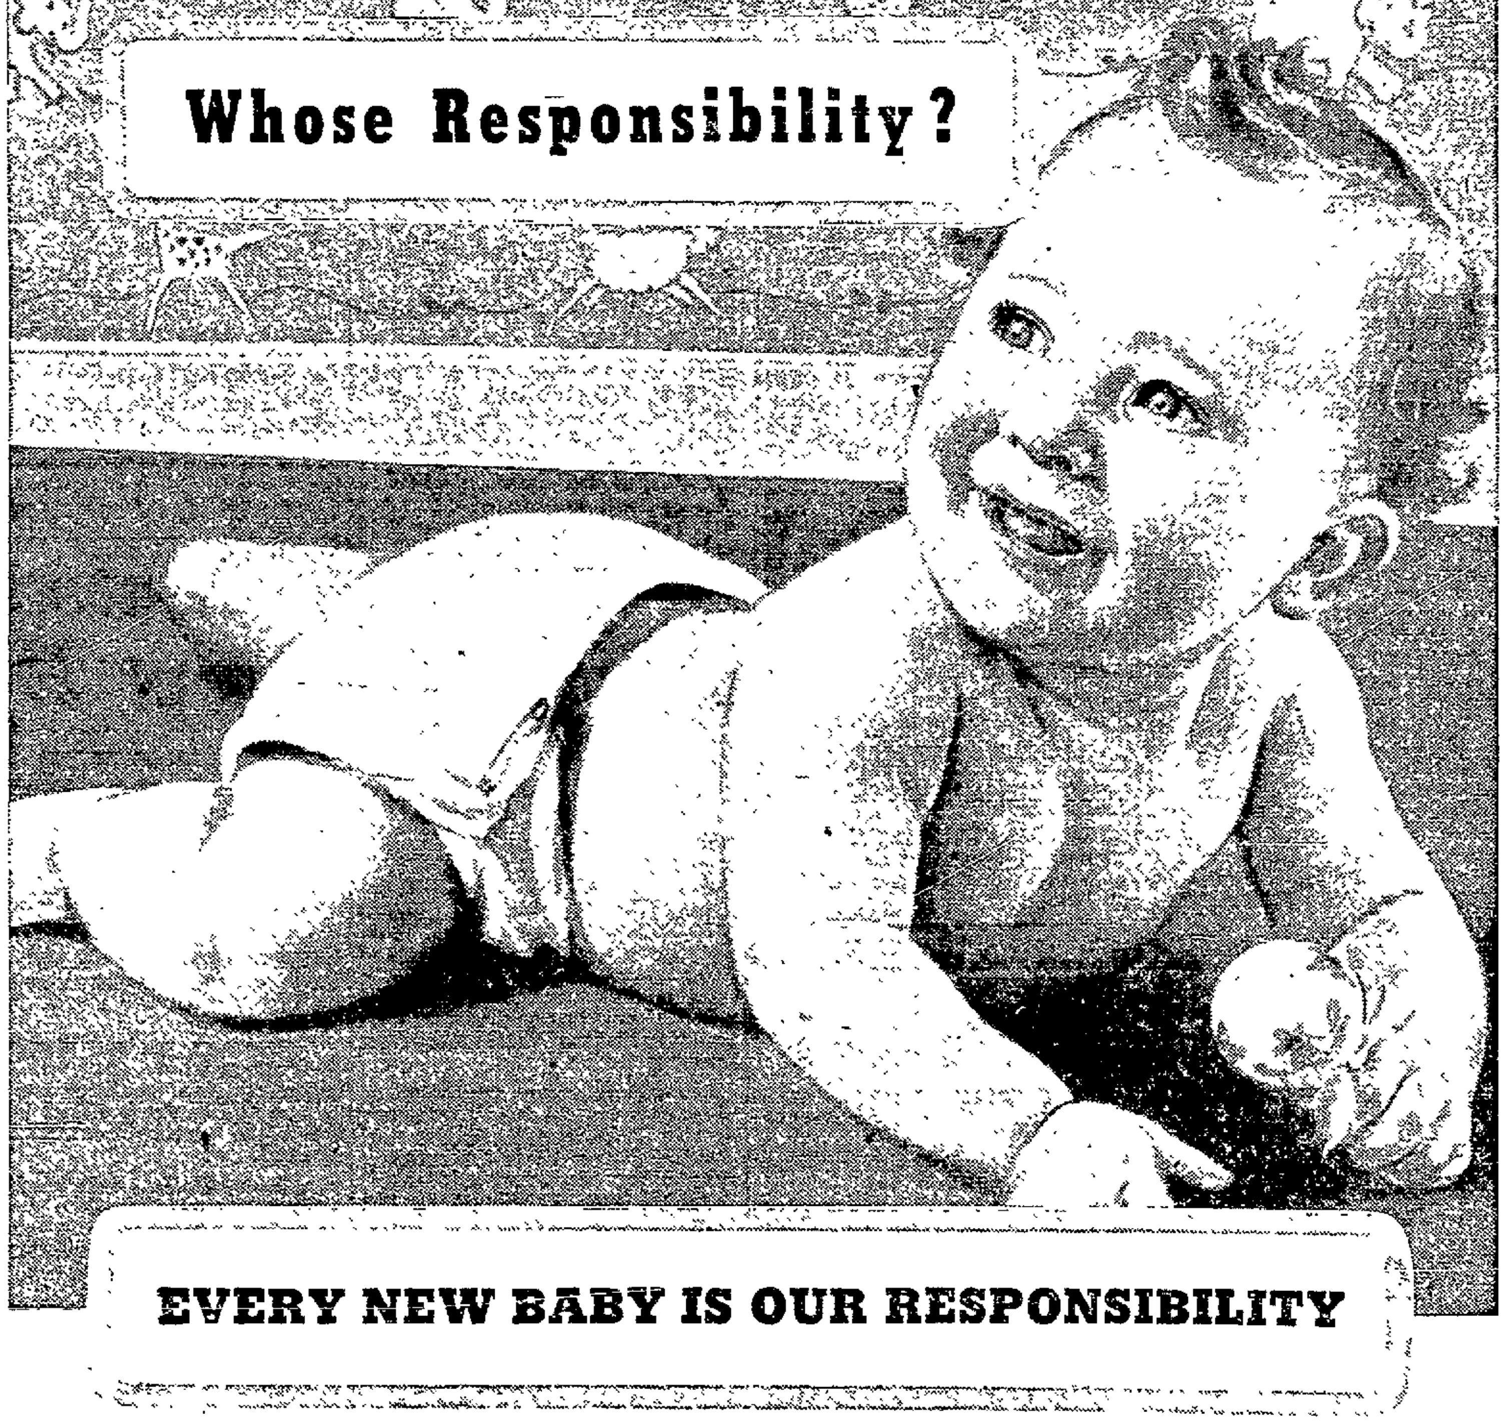
It's a Fact...

It's a fact that the earnings on life insurance assets are of direct financial importance to every policyholder... because:

- The premiums you pay do not cover all the costs of insuring you.
- Income earned by the investment of life insurance assets pays part of the cost. Out of each dollar of total income of all life insurance companies, about 80¢ now comes from premiums and about 20¢ from investment earnings.
- If the rate of interest available on prudent investments were higher, the cost of life insurance to you could be lower.

Life insurance is a *service!* Your agent is trained to help you use it most effectively. The Institute of Life Insurance—central source of information—60 East 42nd Street, New York 17, N. Y.

LIFE INSURANCE — Helping American Families to Help Themselves



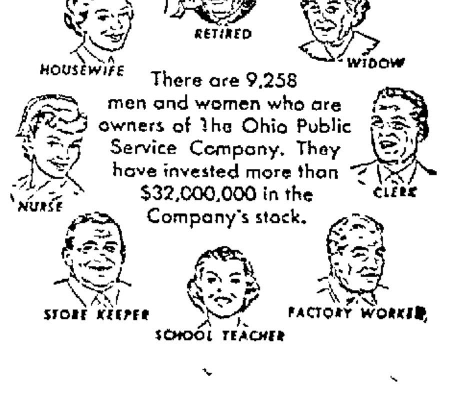
Whose Responsibility?

EVERY NEW BABY IS OUR RESPONSIBILITY

BABIES show in your electric bill, too. It takes about 250 kilowatt-hours of electricity to take care of a baby for one year. The 14,976 babies born in Ohio Public Service territory in 1948 need 3,750,000 kilowatt-hours of electricity. It's part of our job to take care of babies — to help keep them clean, warm and well fed.

Yes — babies are part of the reason for our $62,000,000 six-year expansion program. It is our responsibility to be ready to keep future generations of babies clean, warm and well fed.

Raising the money to build the plants and equipment is another one of our responsibilities. It's up to us to run our business so that it will attract money from individual investors, banks and insurance companies who seek a reasonable return for the use of their money.



There are 9,258 men and women who are owners of The Ohio Public Service Company. They have invested more than $32,000,000 in the Company's stock.

Ohio Railroads Continue to Slash Trains

Dwindling Coal Stock Forces Cut

Obey U. S. Order To Curb Service

COLUMBUS — (AP) — Four railroads operating in Ohio yesterday announced further cuts in passenger trains because of dwindling coal supplies.

The cuts are in line with a federal order to all railroads with less than 25 days' supply of coal on hand to reduce service to steam-operated passenger trains by 25 per cent.

The New York Central announced in Cleveland it will discontinue 57 more passenger trains, effective at 12:01 a. m. (EST) Wednesday. The railroad said the new cuts, together with 89 trains last Saturday, will bring its service down by 25 per cent.

Among the trains to be discontinued are: No. 283, Buffalo to Cleveland; Nos. 5 and 6, between Columbus and Charleston, W. Va.; Nos. 407 and 420 between Cleveland and Indianapolis, and Nos. 423 and 446 between Cleveland and St. Louis.

The Pennsylvania railroad announced it will discontinue Nos. 115 and 116 between Columbus and Chicago on Wednesday.

A Baltimore and Ohio spokesman in Cincinnati said the road was discontinuing six steam-powered trains, a move which he estimated would put 1,000 employes out of work.

The discontinued trains are Nos. 61 and 62, between Cincinnati and Washington, Ind.; Nos. 235 and 236 between Cincinnati and Pittsburgh, and Nos. 350 and 351 between Cincinnati and Toledo.

The Chesapeake and Ohio said trains Nos. 30 and 37 between Columbus and Athens, and Nos. 130 and 137 between Logan and Pomeroy, would be run three days a week beginning Wednesday instead of the normal six days a week.

The C. and O. also announced it would cut out trains Nos. 15 and 16 between Cincinnati and Hinton, W. Va.; Nos. 103 and 104, mail and express only, between Cincinnati and Huntington, W. Va.; Nos. 19 and 20 between Cincinnati and Hammond, Ind., and Nos. 49 and 52 between Huntington, W. Va., and Logan.

The Louisville and Nashville railroad said it will discontinue trains Nos. 31 and 34 between Cincinnati and Corbin, Ky.

11 Masons Go To Dayton Meeting

Eleven officers of Mansfield Masonic lodges have returned from a Grand Lodge meeting of the state of Ohio held at Dayton over the week end.

Attending from Mansfield Lodge No. 35, F. and A. M., were E. B. Boling, John C. Lorentz, Gaylord M. Miller, and Arliss F. Porter.

Charles O. Anglin, William B. Keefe, E. W. Dietrick, and Roger Oster represented Venus Lodge No. 152, F. and A. M., at the meetings.

Those from Frank H. Marquis Lodge No. 690, F. and A. M., were Richard S. Bowden, Leonard Hockett and Clyde R. Garn.

Put On Probation

A 15-year-old Mansfield, R. D. 5, boy, who broke into the home of Nick Schunatz, Mansfield R. D. 5, was given a suspended sentence to the Boys' Industrial school by Probate Judge Stuart H Cramer, juvenile court records showed today. The boy was put on probation for three years.

Truman Has No Wartime Powers To Seize Mines—Taft

TOLEDO — (AP) — President Truman has no wartime seizure powers he can use in the steel or coal strikes, Sen. Robert A. Taft (R-Ohio) said at a press conference here Monday.

While reluctant to comment on the strikes, Ohio's senior senator said:

"The president has no wartime powers to seize plants. The only exceptions are the railroads, and they are not striking. There is no power as to steel plants and coal mines.

However, he pointed out quickly, a Taft-Hartley act provision empowers the president to seize plants if health and safety are threatened. He added that there is a question whether that point has been reached.

Taft recalled that last February Atty. Gen. Tom Clark advised Truman that he had power to seize plants and that the president may claim that right in the present strikes.

The senator asserted that the full pension problem is in a state of confusion, adding:

"I do hope we can make a complete study of the pension question. You have separate systems, like for the railroads where the railroads pay the whole cost. Then you come along with the private pension systems which have to be approved by the government. Then there are systems on a profit-sharing basis.

"These systems may be a burden upon small business concerns, and all of the cost ultimately falls upon the consumer. The whole program ought to be studied and integrated as to compulsory and voluntary systems."

CLEVELAND — (AP) — The Cleveland Board of Education has under study a plan to provide pensions for the nearly 5,000 Cleveland public school employes over and above the state retirement system benefits.

Don't Let It Happen Again!

AS OF THIS DATE—just twenty years ago—came the first ominous signal of the disastrous depression which followed the fantastic build-up of fictitious values on the stock market and the appearance of unexampled prosperity all over the country.

Frantic efforts were made to stem the tide, but a manipulated rally was short-lived and Thursday, Oct. 29 was afterward called "Black Thursday" on the stock market, when 16,410,000 shares of stock changed hands and panic reigned in New York, extending quickly over the entire country.

Not until Nov. 13, however, was rock bottom reached, and many who had thought themselves "rich" awakened to realization that they were penniless.

★ ★ ★

PRESENT conditions are quite generally regarded as so different from those of 1929 that no such thing can happen again—nor can it happen if even a modicum of common sense enters into the handling of labor-management disputes which have led to work-stoppages which—if they continue—can be as destructive to the national economy as was the wild orgy of speculation twenty years ago..

Now it is a matter of essential products being withheld because of arbitrary action on the part of a few leaders of labor organizations insisting on compliance with their demands, rather than submitting these demands to arbitration or to the intended purposes of collective bargaining.

Effects of strikes in the coal and steel industries extend far beyond actual workers in those lines, and even immediate resumption of production would still leave shortages that would require months to overcome.

It is estimated that unless agreements are reached this week 2,000,000 workers will be idled by strikes and resultant shortages. A recent prediction by Secretary of Commerce Charles Sawyer was that, if the coal and steel strikes continue, unemployment therefrom would mount to 5,000,000 by December 1.

Sometime, somehow, there will be settlements—and strikers will be ordered to go back to work—but what a reflection it is on the intelligence presumed to have been developed in this country, to follow such a ruinous course so often and so long, rather than find ways to work harmoniously and for the benefit of all!

Friendly House Needs That Space

A THOUGHT that came to many of the several thousand Mansfielders who visited the new Friendly House on North Mulberry street, during the "open house" afternoons and evenings after the formal dedication, is that excellent use could be made of the two vacant lots which are just to the north of the new structure and which extend to Vale avenue.

Remembering that the site of this fine new Friendly House was donated for that purpose, and that the entire enterprise was made possible by public contributions, it seems reasonable to anticipate that these vacant lots might be secured at a reasonable price, and that this should be done soon, so as to avoid possibility of this space being put to any other use.

It is just possible, of course, that some individual—or group—may consider this as a desirable contribution to furtherance of Friendly House activities, and this reference is merely intended to bring it to public notice.

England Cuts Off Free Medicine

GREAT BRITAIN'S socialized medicine service appears to have bumped into financial difficulties, so hereafter there's to be at least a small charge for prescriptions—which had heretofore been handed out free.

That's too bad, for if there's anything people resent doing it's to start paying for something they have become accustomed to getting for nothing.

Of course this is only a part of Prime Minister Attlee's announced "austerity" program, and the wave of illness that has swept over England since the service of doctors became available without cost may be somewhat ameliorated by requiring payment for medicine used.

And, in the event of need of a means to "keep the doctor away," there's a huge surplus of apples in this country which the government might like to contribute to England for the prevention of minor ailments.

When "experts" disagree what are ordinary folks to do about it?

Franco Makes Bold Bid For Recognition

BY J. C. OESTREICHER

GENERALISSIMO FRANCISCO FRANCO, never lacking in boldness throughout a career ranging from lowly naval cadet to the dictatorship of Spain, has launched what may be the master-stroke of his lifetime.

He has arrived in Portugal on a state visit with all the trappings for which he is famous, and typical Latin exuberance is on hand to accompany each and all of his movements.

But behind the gold and purple panoply and through the smoky mists of booming naval salutes is the clear intention of the generalissimo to further his campaign for Spain's inclusion in the North Atlantic defense and possible Marshall Plan benefits.

Franco has been shrewd and cautious in his projection of the idea that Spain, lying athwart the Atlantic ocean and the Mediterranean sea, is vital to the defense of the western world.

He has allowed this concept more or less to establish itself as a geographical fact above and beyond denial.

To his own people, and for worldwide public consumption, he has said time and again that if the western powers close their doors to Spain's friendship and cooperation, then Spain can stand alone self-sufficient inside her Pyrenees mountain borders on the north and her sea frontiers east, northwest and south.

The growing interdependence of national blocs with the widening split between East and West obviously prompted Franco to carry out his present visit to emphasize the close relations between Portugal—which is an Atlantic Pact member—and Spain, which is not.

Ostensibly, his tour is being made to repay a courtesy call by Portugal's General Antonio Oscar de Fragoze to Madrid just 20 years ago.

Many United States congressional visitors to Madrid and numerous private emissaries have come back with a conviction that the western allies are ignoring an enormous and entirely logical advantage by keeping Franco out of the picture because of his pro-fascist reputation.

No one can foresee the ultimate outcome of his present cleverly contrived bid for recognition. But by the same token, no one can deny its timeliness.

Raymond Moley's Analysis

Farm Legislation 'Vote Bait' For 1950

AS IN MOST of the insincerities of politics the losers won a "principle" and others won the substance in the new farm legislation.

Truman won his fight to get Republican names off a basic farm law and the names of Democrats on a new one. The advocates of fixed farm supports won substantially. Those like the able and sincere senator and former secretary of agriculture Clinton Anderson won the doubtful principle that at some time in the future if surpluses pile up there will be some reduction from the 90 per cent supports.

And Republicans and Democrats alike, looking toward 1950, have provided a nice pile of campaign fodder to tempt the very hungry farmers. The consumer, unorganized and voiceless, is the forgotten man.

The Aiken Act was conceived, planned and passed as a real effort to take the farm question, temporarily at least, out of politics. Anderson properly felt a responsibility for maintaining the integrity if not the name of the Aiken Act.

This was the general import of the Anderson Bill. Many House Republicans however, looking toward 1950, yearned for 90 per cent supports. And so they went along with Congressman Gore against the Anderson plan. This made it certain that the House would win in conference.

On the economic side this means a victory for the cotton and wheat growers and for the producers of fats and oils. They get the highest prices they could hope for during 1950. After that there might theoretically be some reduction for the six basic crops if a great oversupply should develop.

But even so the floor would be 80 per cent in 1951 and not below 75 per cent in 1952. For figuring parity two formulas exist. The old one based upon the golden age of agriculture, 1910-1914, and the new one based upon the gilded age of 1939-1948. The new law generously gives the farmer whichever formula will produce the better price.

* * *

Probable Effects.

THE economic consequences of the new law are likely to be:

1. These high guarantees will stimulate great production. Farm surpluses are now so large that further capital and credit will have to be provided for the commodity credit corporation to the extent of a third or more.

2. The next consequence will be that the secretary of agriculture will probably be forced to the agonizing decision of production restrictions or the surpluses by 1951 will be unstorable and unsupportable.

3. Since one of the most important by-products of cotton is cottonseed and since cotton seed is a basic source of fats and oils members of Congress representing cotton interests must provide supports for all fats and oils which are in considerable oversupply already.

4. Some commodities with less congressional support did not do so well. Eggs will be seriously affected.

Politically this law merely paves the way for a rivalry in promises in 1950. The Brannan plan will reappear as a basic Truman bid.

The Nation Today

Arms For Pact Nations

By JAMES MARLOW

WASHINGTON — This week the U. S. government begins the job of helping re-arm western Europe. This briefly explains it.

First, the Senate approved our joining the Atlantic Pact, made up of 12 nations: U. S., Canada, Portugal, Iceland, Britain, France, Italy, Belgium, Netherlands, Luxembourg, Norway, Denmark.

They agreed to help defend one another from attack. Russia wasn't mentioned as the possible attacker but Russia was meant.

But if the Atlantic Pact countries nearest Russia were going to stand off, if only for a while, a Russian attack, they said they needed arms from us.

Three countries not near Russia — Canada, Portugal, Iceland — did not ask help. The other eight did; Britain, France, Italy, Belgium, the Netherlands, Luxembourg, Norway, Denmark.

Then Congress voted $1,000,000,000 to supply them arms. Actually, they will receive from us arms worth about $1,450,000,000. This is why:

We'll send them three kinds of military equipment: Excess stuff, reserve stuff, and brand new equipment.

1. **Excess** —. Now we have on hand a number of items of military equipment over and above what our military planners think we may ever need, even in case of war. This is considered unneeded, excess material. We'll send some of that.

But — Congress said we cannot send abroad excess equipment which, altogether, originally cost more than $450,000,000. (That same excess equipment, if made now, might cost double the $450,000,000 when it was made.)

We'll send Europe the $450,000,000 in excess equipment allowed by Congress. This, added to the $1,000,000,000 voted by Congress for the program, will bring out total arms help to Europe to around $1,450,000,000.

2. **Reserve Stuff** —. We have on hand now, but stored away, a lot of equipment which our military planners figure we'll need in time of war, but don't need now.

We'll send some of that reserve to Europe. But we'll have to replace it. Some of the $1,000,000,000 voted by Congress will be used to have brand new reserve material manufactured and kept in this country.

3. **New Material** —. Some of the equipment we'll send Europe will be brand new. We'll have to get that made. The rest of the $1,000,000,000 fund will be used for that.

Must Be Agreements.

THIS WEEK state department people start talking with representatives of those eight countries which need arms. They'll talk here in Washington and draw up agreements.

The eight must agree to a number of things, under the law passed by Congress, before we can send them arms. For example:

1. That they'll use our arms in accordance with the terms of the law.

2. That they won't hand over any of our arms to another country, without our permission.

3. That they'll keep secret anything we send them — in cases where we want secrecy. Secretary of Defense Johnson says any western European country with a communist in its cabinet will get no arms aid or military secrets.

4. That in turn they'll furnish us — or any of the other eight—such assistance as we or they require. For example: We might want Belgium to give us certain kinds of raw material in return for our help.

When the agreements are signed here, we'll send teams of American political, economic and military experts to each of the other eight countries. There, with the European experts, they'll work out in detail what each country needs or wants and what we can send.

The talks will take weeks: they are being figured on to be finished by Dec. 1. So a real flow of arms to Europe may not start before Jan. 1.

In addition to the $1,000,000,000 for Europe, Congress voted $314,010,000,000 in help for Greece, Turkey, Iran, Korea, the Philippines.

Concessions To Lewis Brought Strikes

By DREW PEARSON

WASHINGTON — The public has forgotten it and the J. P. Morgan-Andrew Mellon interests would like to forget it, but they have themselves largely to blame for the nation's now serious coal and steel strikes.

The incident they would like to forget goes back to the summer of 1947 when John L. Lewis sat down with the biggest coal operators in the country and was surprised and pleased when they gave him a 45-cents-an-hour wage increase, plus welfare fund, plus almost everything else he asked for even including some nullifications of the Taft-Hartley Act.

The companies which led in handing Lewis this bonanza were J. P. Morgan's U. S. Steel Corporation which owns the biggest captive coal mines in the U. S. A. and the Mellon-controlled Pittsburgh Consolidation Coal company.

Following their lead, smaller coal operators had to follow suit.

This gift to Lewis came as a shock to the rest of the industry because only six months before, Harry Truman had thrown everything he had into a court battle against Lewis and won. Most of the nation had applauded. Furthermore, only one year earlier, the coal operators had bitterly criticized Secretary of the Interior Krug because he gave Lewis an increase of 18½ cents—exactly the same given in other industries.

Yet, on top of this, Ben Fairless of U. S. Steel and George Humphrey of Pittsburgh Consolidation Coal handed Lewis 45 cents an hour extra plus welfare fund, etc. Furthermore, the workers didn't have to contribute to the welfare fund. It all came from the employer.

* * *

Politics and Wages.

THE HIDDEN motives for this sudden surrender, it was reported at the time, were (1) that Lewis in return would line up labor for Tom Dewey and against Truman; and (2) the steel industry was able to pass the increased cost on to the consumer. In brief, Truman had kicked Lewis in the teeth; now powerful Republicans wanted to show how they could stroke his mane.

But the effect of this bonanza to Lewis still is reverberating through the auto industry, the aluminum industry, and the banked furnaces of the steel industry. The Mellon's Aluminum Corporation would not be shut by a strike today, had not their Pittsburgh Consolidation played politics with Lewis two years ago. Nor would General Motors and Chrysler be up against tough pension demands today.

For their gift to Lewis set a pattern which every other labor leader had to duplicate, and now this makes it impossible for Murray to take anything less from U. S. Steel than Lewis got from U. S. Steel.

Obviously, if Lewis' miners don't have to contribute to a welfare fund, Phil Murray's steel workers aren't going to contribute. But the boys in Wall street didn't look ahead far enough when they rushed through their mine agreement two years ago.

Gen. Bradley Flares.

IT'S NOTHING new for a congressional committee to call the brass hats on the carpet, but it is new for a brass hat to call senators on the carpet.

The man who reversed this rule is General Omar Bradley, the nation's top military commander, who scorched the Senate appropriations committee for leaking secret information to the press.

The senators had given out figures from a secret intelligence report which Bradley had quoted to the Senate committee behind closed doors—namely, that Russia has 175 divisions under arms and can boost this to 300 divisions within 90 days and to an eventual strength of 502 divisions. This compares with a peak allied strength of 91 divisions during the war. Bradley had also disclosed Soviet air strength at 15,000 planes.

But Bradley had hardly left Capitol Hill before these figures showed up in front-page headlines. Next day, Bradley returned for a second appearance behind closed doors, snorted fire.

"I made certain statements yesterday that were highly confidential and highly secret," he scolded. "If I can't testify before a committee of Congress and tell them confidential information without being betrayed, I will have to use a different approach."

G. O. P. floor leader Ken Wherry of Nebraska winced.

"I had read a lot of that information in other places," the Nebraska senator protested. "If it was highly confidential, it certainly had been given out before in other places."

But the general went on with his lecture.

"A lot of people felt the information was highly sensational and accused me of war mongering," blazed Bradley. "I bitterly resented being put in that position."

There wasn't another peep out of the senators.

Monte Carlo Modernized

By INEZ ROBB

MONTE CARLO, (By Mail) — I have just made the disillusioning discovery that the world famous Casino at Monte Carlo is merely Harold's club in Reno, minus cowboy boots and "bourbon and ditch."

For years, Hollywood and Michael Arlen led me to believe the Casino was glamorous and a little wicked, patronized by beauties in ball gowns and by gentlemen in white tie and tails who alternately broke the bank or put a square hole in their handsome heads if the bank brok them.

The sad fact is that where white tie and tails may have been obligatory for gentlemen wishing to fritter away a fortune at the Casino's tables in the gay nineties, only pants are mandatory today. And even they don't have to be pressed.

Indeed, some of the desert rats I have seen manning the fan-tan games at Harold's look right dressy beside these Riviera regulars in shirtsleeves who ring the Casino's roulette tables. As of October, 1949, a necktie, knotted and in place, constitutes formal dress in Monte Carlo.

The women customers were tastefully turned out in costumes ranging from sweater and slacks to a local version of the Hoover apron. (I remember thinking that, under the circumstances, it must not have been too difficult for Rita to pick up Aly, or vice versa, on the Riviera.)

The Casino is huge, all right, and it must have been grandiose in the gas-lit days when Grandma was a girl. The rooms are enormous and the ceilings spectacularly high. But the gilt is tarnished, and the nymphs and coryphees prancing in the murals are a touch hefty for current taste.

For 100 francs admission fee, the equivalent of 28 American red cents, the tourist not only gains admission to the Casino but to its private club rooms.

In this sanctorum, the late Prince of Monaco, who always tried to keep abreast of the times in his zeal to turn an honest penny, installed a genuine American crap game not long ago for the pleasure of U. S. customers and for his own profit.

It was paying off last night. My compatriots were three deep around it, addressing themselves fervently to Little Joe, snake eyes and the need of baby for new shoes.

The club rooms are dedicated to the big time gambler who is willing to risk a mandatory 100 francs on every turn of the wheel or throw of the dice. There is another room for the tinhorn, where chips are available for 20 francs or approximately one U. S. nickel.

* * *

Jack Pot Disgorges.

ULTIMATE disillusionment awaited me, however, when I rounded a corner and came into a room dedicated to one-armed bandits. Six semper gloria! Birds gotta fly; Monacans gotta eat, I guess. But Hollywood and Noel Coward had not prepared me for slot machines at Monte Carlo.

I arrived in the slot machine salon just as a young woman hit the jack pot.

Gallic squeals welled up from the lady and her friends. Innocent bystanders rushed to help her scoop up the loot. Coins showered down in a steady stream. From the volume of pandemonium and the general yipping, it seemed certain that the young lady had won at least $50.

But it developed that she had been playing the one-franc machine. And although the bandit coughed up 200 coins, the fortune anted up to approximately 65-cents.

In fact, all the machines were one-franc bandits. The only five-franc monster was out of order, the dour attendant said, pointing to a machine nesting under a green baize slip cover.

As I waited my turn at a one-franc machine, I tried to strike up a little conversation with the attendant, who, I suspect, was a demoted croupier with a hearty contempt for slot machines and their afficionadoes.

"Does any customer ever come armed with a gun anymore?" I asked.

"Oui, Madame," he said, and looked me square in the eye. "Only last week, a young man played the five-franc machine for hour after hour. He lost steadily.

"Around midnight, I sensed something in the atmosphere. I looked up just as the young man reached into his pocket, I leaped for him. But he already had the pistol out. I was too late!"

"You mean, he ———" I askc..

"Oui, Madame. He had already shot the five-franc machine."

Speaking of Your Health

Alcohol Being Studied

By HERMAN N. BUNDESEN, M.D.

ALCOHOL in one form or another has been used—and abused—since the dawn of history. Its power to cheer and then to intoxicate have long been known, but it is only in recent times that modern scientific equipment has enabled us to learn other facts about this powerful drug and the way it works.

Today, for instance, many people who are trying to lose weight wonder what an occasional drink may do in the way of boosting their caloric intake. The investigator can tell them that it adds a great many. A quart of whisky, for instance, contains 2,700 calories.

Yet, despite this high caloric value, it is doubtful if alchol can supply any energy for physical work. Even its heating effect is largely deceptive, since the sensation of warmth which follows the taking of alcoholic beverages is produced by its effect in dilating the blood vessels of the skin. This actually results in a loss of body heat.

A two-ounce drink will be oxidized or burned in the body in about two hours. Thus, it would take 24 hours to get rid of a pint of alcohol.

In sufficient strength, alcohol may cause some irritation of the mouth, throat, esophagus, and stomach. This irritation may increase the pulse rate and stimulate breathing.

Effects On Brain.

The parts of the brain which control intelligence and judgment are disturbed by relatively low amounts of alcohol in the blood.

About one-fifth of those who drink excessively do so because of some deep underlying disturbance. In order to overcome the habit, their difficulty must be found and eliminated.

So-called social misfits, or people who are not adjusted to their surroundings, make up another fifth of the excessive drinkers. These people can take it or leave it alone, although they prefer to take it.

The remainder of those who use alcohol to excess are the true alcoholics, those who cannot drink in moderation and who, therefore, should not drink at all.

EAGLES, AUXILIARY TO BE HOSTS AT CONFERENCE

Two-Day Session Planned For Lodges From 26 Area Towns; Initiation To Be Held for Over 100.

The Mansfield Eagles and Auxiliary will be hosts to more than 500 guests from 26 area towns Saturday and Sunday for a zone welfare conference. Registration opens at 12:30 p. m. Saturday at Eagle hall. This will be followed by a business session at 2:30 p. m. in charge of the state treasurer, Mrs. Ethel Turner.

At 4:30 p. m. there will be a tea for the visiting women in charge of the local president, Mrs. Nellie Morrison. A banquet has been planned for 7:30 p. m. Saturday at the Mansfield-Leland hotel for the presidents and past-presidents.

Sunday at 2 p. m. there will be initiation of new members at Eagle Hall. This will include a class of more than 100 from visiting lodges and the local auxiliary. The ritualistic work will be put on by the Norwalk Auxiliary, assisted by the Mansfield Drill team, who will make their initial appearance in their new regulation uniforms. Mrs Mabel Keller serves as captain. Entertainment will follow in charge of members of the drill team with Mrs. Hermogene Harris as chairman.

There will be dancing both evenings at the Eagle hall to music by Miller's Happy Jacks orchestra. Luncheon will be served both days by the degree team and officers of the local auxiliary at Eagle hall.

State officers to be present are Mrs. Ethel Turner of Cleveland, state treasurer of the Auxiliary; Mrs. Lunetta Williams of Bellevue, state conductress; and Mrs. Mrs. Mildred Frederick, Cleveland, state trustee.

Mrs. Morrison conducted a recent meeting of the local group to complete plans for the conference.

Class Holds Monthly Party

The class of '36 of the First Christian church held its monthly party Saturday evening at the home of Mr. and Mrs. Earl Hill, Hoover road. Miss Mary Hill and Walter Marlowe, assisted the hosts

Thirty-two members and children were present. Ed Castor and his family of Mt. Gilead were guest entertainers. Masquerade prizes were awarded to Henry and Norma Wilson. Halloween decorations were used.

Martin Hopp, president of the class, conducted the business meeting. Luncheon was served buffet style. The next party will be held Nov. 19 with Mr. and Mrs. Frederick Cliffe and Mr. and Mrs. Richard Gramly in charge.

NEW MEMBER

Mrs. Belle Goon and Mrs. John Heath were visitors when Mrs. Anna McVicar entertained the Galilean Bible club recently. Mrs. Charles Whatman led the lesson study. One new member, Mrs. Myrtle McCready, was welcomed into the club. The next meeting will be with Mrs. Frances Rinehart, November 4, at 131 Prospect street.

Prospect Club Has Style Show, Benefit Bridge

A capacity audience of over 350, was present last evening at the Westbrook Country Club when the Prospect Mothers club presented a children's style show and benefit bridge party.

The clothes, shown through the courtesy of the M. O'Neil company, were presented in pantomine form, progressing from dressy to rain wear, then play clothes and finally sleeping togs.

Models were from the Prospect school. The show was narrated by Mrs. Harry Lytle. Representatives from the store present, were Mrs. Russell Eckles and Mrs. Erwin Myers.

Following the style show, Mrs. Jane Confer, cosmetician with the O'Neil company demonstrated the use of cosmetics for junior high school students.

Mrs. Robert Oberlin was chairman of the affair, assisted by Mrs. Chalmers Ellis, Mrs. Nels Blocker and Mrs. Elmer Hedeen.

Wedding Date Announced

The announcement of the approaching marriage of Miss Kathryn Robinson to Dale C. Haynes was made at a party given by her mother, Mrs. A. E. Robinson. The date was revealed by the playing of a recording with the details given.

Cards were the diversion of the evening with high scores won by Miss Shela Smith, Miss Mary Beebe, Miss Lillian Conley, Miss Marilyn Staup and Miss Florence Williams.

Mrs. R. B. Haynes of Harbor Hills was the only out-of-town guest present at the party.

Miss Robinson is the daughter of Mr. and Mrs. A. E. Robinson, 634 West Fourth street. She has chosen as her attendants Miss Jean E. Robinson, sister, as maid of honor. Miss Geraldine Hoffman, Miss Norma Stewart, Miss Beatrice McCune and Miss Kathryn Hoffman as bridesmaids. Donna Jean Berlo will serve as flower girl.

Mr. Haynes, son of Mr. and Mrs. R. B. Haynes, Harbor Hills, has chosen as best man E. T. Stork. The guests will be escorted to their pews by John Mosey, R. O. Grafmiller, Richard Schettler and Jay Garrison.

The open church formal wedding will be held in St. John's Evangelical and Reformed church at 2 o'clock on December 3.

Dessert-Bridge Compliments Miss Mowry

A dessert - bridge and miscellaneous shower, was given Saturday evening for the pleasure of Miss Roselyn Mowry, bride-elect of Jules Corvington. Hostess was Miss Louise Krause, Brinkerhoff avenue.

Mrs. Robert Skiles served as associate hostess. Sixteen guests were present for four tables of bridge. The tables were centered with white tapers surrounded by small white blossoms.

Prizewinners were Mrs. Robert Moffett, Mrs. Merrill Manz, and Miss Ruth Miller. Following bridge, a record was played in the guise of a radio announcer, stating that Miss Mowry would find her gifts in the dining-room.

Out of town guests were Miss Frances and Miss Alice Redding of Ashland. The nuptials will be solemnized Oct. 29 in the parish house of St. Peter's Catholic church.

Circle Plans Rummage Sale

Mrs. Gale Idle, 271 Helen avenue, entertained sixteen members of Circle Seven of the First Methodist church Monday evening. Assisting her with entertaining were Mrs. Martin Bricker and Mrs. Linna Mae Decker.

Two new members, Mrs. Arthur Jones and Mrs. P. O Ashley, were welcomed into the group. During the business session, conducted by Mrs. Samuel Little, president, committee chairmen gave their reports. Flowers, Mrs. Idle; bazaar, Mrs. Harold Mansfield, and products, Mrs. Stuart Baird. Mrs. Little announced that a rummage sale would be held with Circle Six on December 3 at the church parish house. Mrs. Baird is to be general chairman of the sale.

Pieces for peace will be sent on November 4 by the circles of the church to Europe and Asia.

Devotions were conducted by Mrs. William Early. "The Unbroken Lineage" was the topic of the program given by Mrs. Mayme McConnaughey.

The next session will be held on November 28 with Mrs. Walter Andrews, 980 Ashland road, with Mrs. Henry Albers and Mrs. J. H. Niemann assisting.

Garden Club Group Honors Husbands

Square dancing and cards were the diversions of the evening for seventeen couples of the Pleasant Valley Garden club when they met in the Disabled American Veterans' clubrooms.

Mrs. Thomas Wright, assisted by Mrs. Richard Acomb, Mrs. Charles Hand, Mrs. Allen Hanson and Mrs. George Sauter, was in charge of the covered dish affair.

The next meeting will be held on November 10 at the home of Mrs. Robert T. Brown, 533 Summit street. At this time the newly elected officers will begin their duties.

Mansfielder Opens District Meeting

Twelve members of the American Legion auxiliary, Earl McVey Post, No. 16, attended the fifth district fall conference held recently in Fostoria. Miss Marie Kalbfleisch, fifth district president, presided at the meeting. Mrs. Carl Oyler, department president, was guest speaker. D. A. McCullough, vice commander of the district, gave a short address. The Mansfield unit won the award for bringing the largest number of members from the longest distance.

Delegates from Mansfield were Mrs. James Rizer, president; Mrs. John C. Fuller jr., secretary; and Mrs. Charles Feigenbaum, treasurer.

Goblin Faces Turn Out To Be Meat Pies

How about letting the children prepare the food for their Halloween party this year? (With a little supervision from the sidelines, of course!) They'll love rolling out the dough for spicy cookies to go with the cider—to say nothing of decorating the finished product with goblin faces, witches, and black cats. Or maybe for their party this year, they'd like to have a regular buffet-style supper just like the grown-ups have. Then help them make meat pies with goblin faces on top of the crust. With such gala preparations on the after-school schedule this will truly be a Halloween to beat all Halloweens!

HALLOWEEN COOKIES

½ cup shortening
½ cup bown sugar
½ cup ready-to-eat bran
1¾ cups sifted flour
2 teaspoons baking powder
¼ teaspoon salt
⅛ teaspoon cloves
½ teaspoon cinnamon
1/3 cup milk

Blend shortening and sugar together thoroughly. Crush bran into fine crumbs. Sift flour, baking powder, salt and spices together; mix with crumbs. Add to first mixture with milk and mix well.

Roll dough thin on floured board. Cut with floured cutter (2¾ inch). Bake on ungreased cookie sheets in moderately hot oven (425 degrees F.) about 10 minutes. Frost with uncooked icing and make faces on the cookies using bran and raisins to represent features.

Makes 3 dozen cookies (2½ inches diameter).

COBLIN MEAT PIE

½ cup thinly sliced onions
1½ pounds minced pork or veal
1 tablespoon drippings
¼ teaspoon each cinnamon, cloves and summer savory
½ teaspoon salt
½ cup ready-to-eat bran
1 cup water
1 recipe Bran Pastry

Cook onions and meat in heated drippings until slightly browned. Add seasonings, bran and water; boil until mixture is just slightly moist, about 5 minutes. Spread in pastry-lined pie pan, cover with rolled pastry. With a sharp pointed knife, cut out a goblin face from top crust. Bake pie in moderately hot oven (425 degrees F.) about 25 minutes or until crust is browned. Serve hot in wedge - shaped pieces.

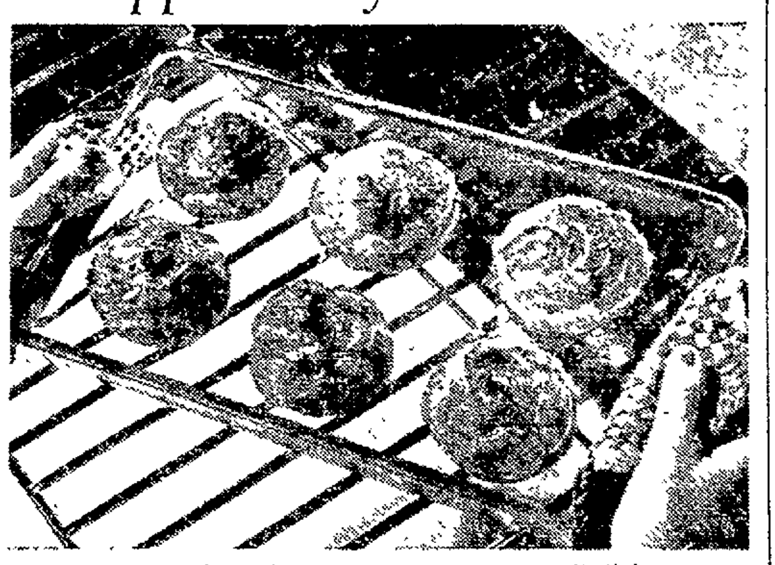
Yield: One 9-inch pie. (6 servings).

BRAN PASTRY

¼ cup ready-to-eat bran
1½ cups sifted flour
4 tablespoons cold water (more or less)
½ teaspoon salt
½ cup shortening

Crush bran into fine crumbs; combine with flour and salt. Cut in shortening. Add water, a little at a time, until dough is moist enough to hold together. Roll out on lightly floured board.

An Apple a Day . . .



SWEET POTATO FILLED APPLES Delicious.

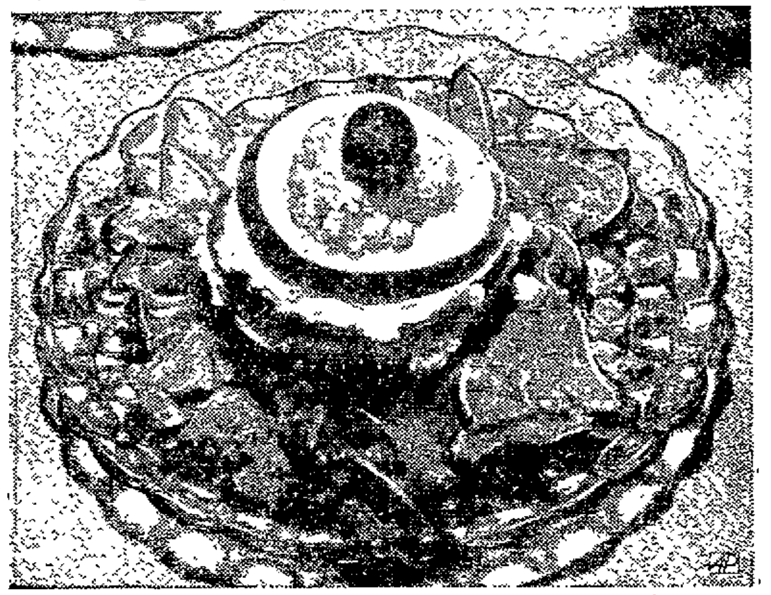
By CECILY BROWNSTONE
Associated Press Food Editor

Because apples are so plentiful and reasonable in price, it's a good idea to serve your family this nutritious fruit often. And if you want to pitch in an observe National Apple Week, as the United States Department of Agriculture is urging us to do, it's from Oct. 29th to Nov. 5th this year. Apples are a mighty fine dessert crisp and cold from the refrigerator with a hunk of cheddar cheese — but there's nothing wrong with fancying them up either, as suggested in the following recipes.

FILLED APPLES

Ingredients: 3 large red apples (about 1 pound), ½ cup brown sugar (firmly packed). 3 cups cooked mashed sweet potatoes, 3 tablespoons butter or margarine, 3 tablespoons cream, salt (to taste), extra melted butter or margarine.

Method: Cut apples in half crosswise and remove core and seeds Sprinkle cavity with ¼ cup of the brown sugar. Place in a shallow pan containing a small amount of water. Cover and bake in a hot (400 degree F.) oven until almost tender—about 10 to 20 minutes. Scoop out pulp, leaving apple shells about ½-inch thick; reserve the pulp. To hot mashed sweet potatoes add apple pulp, butter or margarine, and cream. Season to taste with salt and beat until fluffy. Pile apple-sweet potato mixture lightly into apple shells. Place in shallow pan and sprinkle with remaining ¼ cup sugar. Pour a little melted butter or margarine over tops and heat under broiler or in a hot oven until lightly browned.



RED APPLE RING SALAD . . . For fall appetites.

RED APPLE RING SALAD

Wash, dry, and core crisp red apples. Slice in rings about ¼ inch thick. Spread apple ring slices lightly with roquefort, creamed cottage or cream cheese. Stack apple rings in layers, allowing three layers to each individual salad. If desired, the center of the ring may be filled with cheese to which chopped nut meats or chives have been added. Serve with mayonnaise or French dressing.

NEW COMBINATIONS

Exciting color combinations in skirts and blouses are highlighting the fashion showings of Southern resort and summer wear for 1950. Carioca green and shrimp pink, turquoise and lime freeze, Spanish gold and lagoon blue, cactus green and creole red, are a few of the ensembles, with colorfast Glosheen fabric stressed for washable qualities.

Junior Should Learn Use of Money

By DAVID TAYLOR MARKE
AP Newsfeatures

Sooner or later every child must learn to make his own decisions in handling money. But parents often fail to realize that the handling of money is a thing that has to be learned, says Professor Ralph H. Ojemann.

A noted authority on the influence of culture and community upon the school-age child, Dr. Ojemann is associate professor in the Iowa University Child Welfare Research Station. Writing in National Parent-Teacher in an article entitled "Allowance for Growth, he says:

"The ability to use money must be acquired. No child is born with it. Furthermore, the learning is not a simple matter. It does not take place by itself, and it is a long process.

"It isn't enough for the child to learn that five pennies make a nickel, two nickels a dime, ten dimes a dollar and so on. . . It means that the child has to learn what choices will help him the long run. Whether he will buy more hot dogs and popcorn than he needs to satisfy his hunger, or go without a new pair of socks or what we adults call 'decent' shoes, depends greatly upon what he himself feels will help him most.."

Learning the use of money is much like other kinds of learning. You can read all about it, as an adult, but it takes actual doing to get the most out of anything. The child is equally dependent on experience. In other words, says Dr. Ojemann, all children need money of their own as an "allowance for growth."

The child may get his money either by working for it, through an allowance, or both. The important point is that the money come in fairly regulasly, especially at the start. Furthermore, junior must do the managing. He must decide how the money is to be spent. It will not help him to form judgments and make decisions if someone tells him that he is to use ten cents for candy, ten cents for Sunday school, fifteen cents for a movie, and so on. The deciding has to be done by junior himself, says Dr. Ojemann.

But suppose Junior makes foolish purchases? What can we, as parents, do then? When a child continually spends his money in a way that doesn't help him, there are reasons, says Professor Ojeann. It is our business to know what those reasons are. Does the child feel inadequate, insecure, or deprived of a reasonable chance?

Another important point is that the child who manages his own money must suffer the logical consequences of unwise spending. If he should exhaust his funds before his next allowance, supplying him at random with additional funds may defeat the whole system of training.

Above all, it will help both the parents and the child if we realize that learning to handle money is not a simple matter for anyone. It involves the very difficult problem of learning to judge and to recognize values. The actual practice obtained from handling money or earning it or both, the guidance that comes from an intelligent family council, and the further guidance of heart-to-heart talks with his parents — these are one of the birthrights of every child. The task is not easy, but it is very important. It can be done.

According to the Twentieth Century Fund, the number of dentists in the United States grew from 29,665 in 1900 to 70,601 in 1940.

All That Goes On Must Come Off, And Mechanical Slenderizers Help

NEW YORK—Gaining weight with many women is a matter of self-indulgence—and losing it is a matter of self-torture.

But with Fan Suskind putting on pounds and then taking them off is a matter of business. She is paid to do it.

Miss Suskind, a pretty, dark-eyed girl with a fine background and a splendid foreground, has one of the oddest jobs in an odd civilization. She is a human guinea pig for the mechanical massage industry.

"It is my job to test the reducing equipment," she said as we sat in an anteroom of one of the MacLevy slenderizing salons where she acts also as gym supervisor.

"Three or four times a year I put on as much weight as I can, and then take it off with massage rollers.

"We have machines for every place you want to reduce—calves, hips, arms, back, waist or thighs. I test each machine by taking weight off myself."

She keeps an elaborate chart during the whole process—showing the changes in her own measurements as she builds her weight up, then takes it off.

We went into the gym, which was full of strange instruments and resembled a medieval torture chamber. There were two fat lady customers present. One was bent over a machine that kept thumping her in the stomach mildly with a series of wooden rollers.

The second fat lady was harnessed in a gadget that kept rolling several tightly clamped elastic wire springs up and down her thighs.

"Does it tickle?" I asked.

"Oh, no, indeed," she said. "It feels rather good."

I took her word for it.

Both plump ladies looked with a sign of envy at shapely Miss Suskind, whose weight is now in the downward cycle. She explained that the most she had ever got her weight up to was 126 pounds, but that now she was down to 108—and still losing.

"I can put on as much as twelve pounds in four weeks by eating candy and starchy things like spaghetti, noodles and mashed potatoes," she said. "When I'm gaining I always go to bed with a full stomach and get lots of sleep."

★

THIS SYSTEM is harder on her husband than it is on her.

"He really doesn't like me to gain—he wants me to stay slim," she smiled. "But he knows it's my job.

"And he doesn't suffer from it. He's underweight himself. He gets everything fattening to eat and has beer at every meal—and still he doesn't put on an ounce."

One aspect of Fay's job might make it attractive to many women. She finds it necessary to maintain two complete wardrobes—one for the upsurge, one for the downbeat.

"The advantage of mechanical massage," she said, "is that it enables women to remove fat from any part of the body they desire. It gives them control over their physical contours."

The trouble with having to test different reducing machines, however, is that sometimes Fay may be required to slim her calves to Betty Grable size while leaving her hips in a Venus de Milo proportion.

"But this is only temporary," she said. "As soon as I have completed the test, they let me get back into shape all over."

2 Sentenced For Theft From Wallet

Get One To Five Years In Prison

Two Mansfield men, charged with pocket picking, were sentenced to one-to-five-year prison terms by Common Pleas Judge G. E. Kalbfleisch today.

Roy Jacocks, 23, of rear of 261 North Main street, will serve his sentence in the Ohio State reformatory and David Wilcoxson, 35, of 297 North Main street, will be sent to the state penitentiary.

The men, who had formerly pleaded innocent, changed their pleas to guilty in court this morning. They confessed taking money from the wallet of Robert L. Bryan, Ashland, on May 22.

Neither of the defendants had felony records, but both had police records.

Bryan was asleep in his car when Jacocks entered the car as Wilcoxson stood watch outside according to police reports.

The pair took about $90 from the victim's wallet and left the wallet lying on the seat next to him. A witness to the crime called police.

With the exception of possible secret indictments, these two cases are the last to be heard from the indictments returned by the fall grand jury.

Union Bands Offer Eight Free Dances

Local 159, American Federation of Musicians, has offered eight dance bands to the City Recreation department free of charge, Stanley Kamen, city recreation director, announced today.

Kaman said the two six-piece and six five-piece bands are available to P-TA's and other civic organizations without charge. However, he said organizations wishing to use the bands must give free dances which are open to the public.

Kamen said the Friendly House already has asked for one of the bands, but dates for the other seven still are open.

All dances must be given before Jan. 1, since the union's offer is good only until that date.

Any organizations interested in obtaining one of the bands should contact the recreation office for further details.

Elect Sqrow President Of Johns Park Group

Thomas W. Sqrow, 327 Chester avenue, was elected president of the Johns Park association at a meeting at the park last night.

Others elected to office were Samuel E Berger, 288 Harker street, vice president; Harry M. Bowman, 533 Woodland avenue, treasurer; and Clyde Froats, 626 Stocking avenue, secretary.

Hit-Skipper Suspect Held

Driver Identified After City Mishap

Police today identified Elmer Kintz, 34, of 626 Bowman street, as the driver of the car that struck and injured a Mansfield man at 1:50 a. m last Saturday.

He was booked for leaving the scene of an accident and was released on $500 bond pending a municipal court hearing set for Nov. 1.

Frank Michell, 29, of 293 North Diamond street, suffered a compound fracture of the right leg and a brain concussion after he was struck by the car while walking on North Diamond street.

Witnesses told police the driver of the car stopped, looked back, and then drove on. The police investigation was aided by a discription of the car supplied by witnesses.

Leads Session On Languages

Mrs. Bruce I Whiting, head of the Latin department of Mansfield Senior high school, will preside at one of the sessions of the 27th annual meeting of the Ohio Classical conference which will be held in Canton Thursday, Friday, and Saturday.

Mrs. Whiting will conduct the meeting of county representatives of Hotel Belden at 1:15 p. m. Friday.

Among the county representatives who are planning to attend the Canton meetings is Miss Virginia Howard, Latin teacher at John Simpson junior high school. Miss Howard will represent Richland county at the meetings.

The annual meeting will open at 8 p. m. Thursday and continue through Saturday morning.

One of the highlights of the meeting will be the annual banquet at Hotel Belden Friday evening. The banquet speaker will be John P. Barden, dean of the School of General Studies, Cleveland college, Western Reserve university. He will speak on "Classics for Middle Brows."

Takes Todd Park Reservations

All reservations for use of John Todd park are to be handled through the caretaker, A. C Hammett, park officials announced today.

Hammett may be seen at the pavilion from 8 a. m. to 4 p. m. or he may be reached by telephone at 3888-2 after 5 p. m. at his home, 252 Hedges street.

Officers of the park association who will supervise activities for the next year include: Richard Bunting, president; Arthur Touby, vice president; Roy Isaman, secretary; James Burkhart, treasurer; Karl Maul sr., trustee for one year, Burton French, for two years and Peter Ludwig, for three years.

At the next meeting on Nov. 16, members will have a covered dish supper.

Wright To Talk

Thomas B. Wright, former commanding officer of the Mansfield Naval Reserve unit, will speak on Navy Day to Kiwanians Thursday at their noon luncheon at the Mansfield-Leland hotel.

An active Naval Reserve member, Wright served in the navy in the last war.

NAMED REPRESENTATIVE

Carol V. Kelly has been named special representative for the Ohio State Life Insurance company in the Mansfield area, it was announced today. Kelly is a native of Mansfield and a graduate of St. Peter's high school and New York university.

Plan To Complete Hospital In 2 Months

Richland county's new Tuberculosis sanatorium will be completed in about two months, Architect Herbert S. Jones said yesterday.

Although the exterior is about finished, much inside work must be done such as plastering and building floors. The new structure is on State Route 39, southeast of Mansfield.

Cost of the building will be about $700,000. The TB commission has raised more than $800,000 through two bond issues and a federal aid grant.

The county's new sanatorium will be a five-floor structure, housing 84 beds. The main entrance to the hospital will face north and all of the bedrooms south.

The southern exposure provides sun, air and light for the patients The prevailing breeze in this section of the state is from the south.

The first floor contains vocational and training rooms for woodworking, leather and other crafts, the laundry, kitchen and laboratories. There is a small auditorium with a stage.

The laundry equipment will not be installed in the building when it opens. The TB commission voted to send the hospital's laundry out at first. If it is later decided to do the laundry on the premises, equipment will then be purchased and installed in the room provided.

The other floors will contain patients' and nurses' rooms and lounge. The contractor for the building is Ludwig Zahn, Mansfield.

Bellville Scout Troop Founded

More than 65 Boy Scouts and their dads witnessed the 22nd anniversary of the founding of Scout Troop 1, Bellville, at their scout cabin in Bellville last night.

The yearly charter presentation was made by Floyd Dent, executive director of the Johnny Appleseed Boy Scout area, to K. M. Willson, chairman of the troop committee.

Bellville Mayor Charles Palm and Fred C. Shrader, troop committee member, gave short talks.

Scout meeting was conducted by Scoutmaster Richard Layer and Assistant Scoutmaster James Showecker.

Following the meeting, a wiener roast was held for the dads

5 Units Back School Levy

Five more Mansfield organizations have added their endorsement to those already on record as favoring the three mill school renewal levy, Dr. Edwin A. Fensch, publicity chairman said today.

The five include: Review of Reviews club, Mansfield Nature club, Delano lodge, No. 169, CIO, American Association of University Women and the Board of Public Affairs.

This group brings the total to 37 approving groups so far, Dr. Fensch said.

School officials continue speaking for the levy, explaining its operation to Mansfield club and civic groups. Tonight, Harold Bruce, vice president of the school board, will talk to P-TA members at Johnny Appleseed junior high school during an open meeting.

Boy Vandals Break Window

Another report of pre-Halloween vandalism reached the police desk last night when Dean Beckel, 372 Bell street, reported a front window at his home had been cracked.

Beckel said boys were knocking on the window and attempted to soap the window when the pane of glass cracked. Beckel said the boys quickly vanished.

Engineers Will See Navy Center

Ohio Society of Professional Engineers, Northcentral chapter will tour the Naval Reserve Training Center, Ashland road, Thursday evening, following a dinner at 6.30 p. m. at the Sky club at the Mansfield airport.

Movies of Naval action during the last war will be shown at the training center.

Ceremony Set For City Park

Vets To Honor War Dead

Mansfield's Armistice day parade has been moved up again and now is scheduled for 10 a. m. Nov. 11.

Previously scheduled for the night of Nov. 11 and then changed to 5:30 p. m., the same day, the parade will be held in the morning to avoid evening traffic snarls, American Legion spokesmen said.

The parade through the downtown area will open the city's tribute to the war dead which will include an 11 a. m. ceremony at the Doughboy monument in Central park.

Ceremonies in the park at 11 a. m., following the parade, will revolve around the "Tomb of the Unknown Soldier," to be erected in the park and from which a voice will join the others taking part in the program

Mansfield fire and police departments will cooperate in handling the parade and the ceremonies at Central park, Edward Mason, Legion armistice chairman, said.

Members of Co. F. the Naval Reserve, and all veterans' organizations, including Legionnaires, Amvets, VFW members and other patriotic groups, will join in the ceremonies.

Floyd Dent, Boy Scout executive director will be the grand marshal for the day. He will be assisted by Roy Bates and Al Conroy. Mason will have Frank Mitsch jr, as co-chairman and they will be assisted by Dent, Roy Bates, Ernest Santos, Floyd Cupp, Jack Wentz, Frank Duff, Dewey Durant, Floyd Buzzard, Richard Lane jr., James Rizer, commander of McVey post, American Legion, Richard Zimmerman, William Thull, James Brownscombe, Howard Neuman, Fred Elder and Ralph Cutter.

Arrangements for the placing of the tomb are under the supervision of Floyd Buzzard and a committee of veterans

Father 'Finds' Ashland Girl In Cleveland

ASHLAND—Frances "Sandy" Snowbarger, 16-year-old senior at Ashland high school who left her home at 818 Union street, Friday, was returned here last night from Cleveland.

Her father, Earl, had spotted Frances walking past a Cleveland store and apprehended her on the sidewalk, Ashland police reported this noon.

Frances left a note saying, "I'm leaving, don't worry," upon her departure Friday. A Cleveland bus driver told her father he recognized her from the description given by the father.

Snowbarger said he believed the girl would try to seek employment in Cleveland as a part-time waitress.

Frances had $30 she earned as a waitress here when she disappeared.

Staff Misses Ohio Lay-Offs

Lay-offs in the Division of Aid for the Aged offices throughout the state are not expected to affect personnel in the Mansfield district, it was learned today from Mrs. Mae Lex, manager of the local office.

The State Welfare Board announced today that 109 employes of the division will be furloughed between Nov. 1 this year and Jan 1, 1950, due to the department's efforts to balance its budget, J. H. Lamneck, welfare director, said.

Among others, the lay-offs will affect the division's field representatives, case reviewers, inspection staff, investigators, supervisors, examiners and clerical employes.

CLINIC SCHEDULED

Catholic Women Will Attend Toledo Convention Nov. 1

Two Mansfielders are serving on committees for the 21st annual convention of the Toledo Diocesan Council of Catholic Women which will be held at Central Catholic high school, Toledo, next Tuesday.

The Mansfielders are Mrs. Charles Ritchey, who is serving on the attendance committee, and Mrs. John Daley, who is serving on the hostesses committee.

The convention is open to all Catholic women of the 19 counties in northwestern Ohio, including Richland county, which comprise the diocese of Toledo.

General purpose of the convention is to discuss ways the diocesan, deanery, and parish councils of Catholic women can function more effectively for the assistance of their church, their country, and their individual members, according to Mrs. John E Aubry, president of the Toledo Diocesan council and general chairman of the convention.

The convention will open at 9:30 a. m with a dialogue mass in the chapel of the high school, followed by a short general session in the auditorium.

Group discussions will fill the remainder of the day with a final general session at 4.30 p. m.

The convention will close with the annual dinner in the ballroom of the Commodore Perry hotel at 6:30 p m., honoring Bishop Karl J. Alter, bishop of the diocese, who will speak to the group.

Guest speaker at the dinner will be Rev Thomas Reese, a priest of the diocese of Wilmington, Del. He will speak on "The Role of Women in Catholic Action."

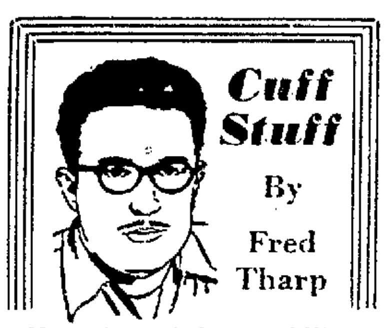
Mansfield Climbs to Second In High Polls



News-Journal Sports Editor

THE STUFFER is a worried gent these days when cogitating on the pecularities of this stogie prognostication hustle on college football games. . . . It seems the Stuffer is suffering from that malady which shall henceforth be known as Michiganitis. . . . Five times this season the smoke rings have predicted the results of Michigan games and five times the Wolverines have averaged 1.000—the wrong way. . . . But how you gonna figure that those brawny Minnesotans could lose to the twice-beaten Michigans. . . . By comparative scores Minnesota was only 110 points better than Michigan and yet lost 14-7. . . . Figure it this way: Minnesota beats Ohio State, 27 to 0; Ohio State beats Indiana, 46 to 7; Indiana beats Pitt, 48 to 14; Pitt beats Northwestern, 16 to 7; Northwestern beats Michigan, 21 to 20. . . . That figures the 110-point dodge. . . . By the same token Ohio State could be figured 90 points better than Minnesota, a team the Buckeyes lost to 27-0. . . . So we just recount the gray hairs each week and decide to try a new brand of stogies the next time out.

★

LOOKING AHEAD, Mansfield's Tygers rate a good chance to knock off the 1949 state schoolboy title. . . All that stands in their way is victories over Kent Roosevelt, Toledo Waite and Springfield. . . . And Massillon would have to knock off Canton McKinley. . . . Of course, if the Tygers could roast Waite and Springfield by convincing margins it might be able to sneak in regardless of the Canton-Massillon result.

★

ANYHOW the Tygers are sure to be feted royally come the end of the season. . . . The News-Journal will again have the Tyger squadmen as honored guests (along with Madison) at its annual grid banquet. . . . And to help make further honors possible Mrs. Dale Cleckner of Kay's Shoppe has donated 50 bucks to "do something" for the boys. . . . Mrs. Cleckner suggests that the Stuffer take over the money and handle the details. . . . We shall be glad to do it.

★

NEWSPAPER tributes to the Tygers as a team and individually have really been sumpin'. . . . Scribes have called Jenkins. Jordan and Tucker "the terrific running trio." . . . They've paid tribute to that "tremendous" line and the Canton Repository had this to say about Don Cline: "Quarterback Don Cline, one of the cleverest ball-handlers seen in this area this season and whose deceptive handoffs constantly confused Massillon, almost single handedly passed his team to its second touchdown. . . . Cline was superb."

★

A DETROIT resident sent the Stuffer and El Tygre digging through old files of 35 years ago. . . . The gentleman, R. W. Hautzenroeder (Mansfield high grad), says he's been coming back to see Mansfield battle Massillon each year. . . . But he says he's always been under the impression that a Mansfield team of about 1915 defeated Massillon in a post-season game for the mythical state title. . . . The Mansfield team had such players as Fats Henry, Tim Murphy, Herman Brunk, Maxwell, Howard Hosler. . . . Massillon had claimed the state title but Mansfield beat 'em in a close game, he reminiscenced. . . . A couple of hours at the files did not unearth any data on the game. . . Mayhap, some of the readers remember the incident. . . Howse about a letter, you old-time grid fans?

Pro Tennis Tour To Open Tonight

NEW YORK — (AP) — What promises to be one of the most successful professional tennis tours in history gets under way tonight when young Richard (Pancho) Gonzales and Frankie Parker launch their play-for-pay careers.

Pancho, national champion for two years, though he just reached the voting age, will be pitted against Jack Kramer in the feature match. Parker, one of the mainstays of the amateur game for almost two decades, will meet Pancho Segura in the second match.

Canton 11 Takes Over First Place

Victors last week in the most stunning upset of the season, the Mansfield Senior high Tygers shot up all the way to second place today in the Ohio schoolboy football parade.

The Tygers scored a thrilling 16-to-12 victory over the Massillon Washington high school team which just last week was rated the unanimous choice as the best in the state. Polls conducted by the Associated Press and International News Service among the sports writers of the Buckeye state "jibed" on the placing of the Tygers who have come along like a whirlwind after that opening defeat at the hands of Akron South.

THE BIG TENS

AP Poll	INS Poll
Can. McKin. (256)	Can. McKin. (239)
Mansfield (220)	Mansfield (208)
Massillon (200)	Massillon (184)
Springfield (150)	Lakewood (132)
Lakewood (141)	Tol. Lib. (100)
Tol. Lib. (140)	Springfield (92)
Frem. Ross (132)	Frem. Ross (84)
Hamilton (125)	Hamilton (72)
Marion (103)	Circleville (48)
Middletown (99)	Middletown (32) & Wooster (32)

Also getting AP ballots, in the order of the finish, were: Sandusky, Findlay, Toledo Waite, Zanesville, Circleville, Louisville, Cincinnati Purcell, Youngstown Rayen, Upper Arlington, Toledo DeVilbiss, Canton Central Catholic, Grandview, Canton Timken, Columbus North, Martins Ferry, Campbell Memorial, Struthers, Warren St. Mary, Wooster, Newark, Hamilton Catholic, Toledo Whitmer, Youngstown East and Brookfield.

Other INS point-getters and their totals were: Zanesville, 28; Marion Harding, 20; Findlay, 18; Newark, 16; New Philadelphia, 16; Upper Arlington, 12; Toledo Waite, 12; Willard, 8; Louisville, 7; Martins Ferry, 7; Canton Central Catholic, 5, and Canton Timken, 3.

Undefeated Canton McKinley surrendered very few first place votes in taking over the throne vacated by the Massillons. Canton has romped over six straight foes, scoring 267 points to 12 for the opposition. Canton got all except one first place vote in the INS balloting and that one went to Mansfield.

Massillon, the 1948 state champion, skidded no further than third in each poll as all except three teams in the top ten have unbeaten records. Lakewood which is placed fourth in the INS ratings and fifth in the AP has also copped six straight, scoring 239 points, to 57 for its opponents. Circleville also has six Class A triumphs.

Mansfield actually made the greatest gain in the voting while Hamilton's Big Blue fell far off the pace. The tygers had been rated sixth in the INS and seventh in the AP voting last week. Hamilton, third-rated last week lost to Springfield, and dropped down to eighth place.

Records of teams getting "big ten" ratings follow:

Team	W.	L.	T.	P.	OP.
Canton McKinley	6	0	0	267	12
Mansfield	5	1	0	166	81
Massillon	5	1	0	257	42
Springfield	5	1	0	209	52
Lakewood	6	0	0	239	57
Toledo Libbey	4	2	0	71	50
Fremont Ross	5	1	0	263	53
Hamilton	4	1	0	182	55
Marion	5	1	0	130	48
Circleville	6	0	0		
Middletown	4	1	0	131	44
Wooster	5	0	1		

Winning streaks of Hamilton, Massillon, Findlay, Struthers and Eaton came to an end last week.

Ohio teams with six straight victories include: Cincinnati Purcell, Upper Arlington, Grandview, Louisville, Loudonville, Willard, Lockland, Wyoming, Mifflin, Reynoldsburg, Van Wert, Roseville and McDonald. Cleveland University School has five wins in a row.

Jeff DeHaven's Sandusky team had been tied for 10th place in the AP poll but a late flurry of votes moved the Blue Streaks down to eleventh.

Jake LaMotta Inks Pact To Meet Cerdan

By MURRAY ROSE

NEW YORK — (AP) — Middleweight Champion Jake LaMotta has given his answer to critics who said he would never fight Marcel Cerdan again.

The Bronx Bull agreed late yesterday to meet the Frenchman in a 15-round title bout in Madison Square Garden Dec. 2.

Iron-chinned Jake, who lifted Cerdan's crown in Detroit last July 16, had been slated to give Marcel a return shot in Yankee Stadium Sept. 28.

But six days before the contest. Jake said he had injured his right shoulder. The fight was postponed indefinitely.

That gave rise to rumors that LaMotta was backing out and had no intention of giving the 33-year-old ex-champ his deserved return crack.

The conversation reached La Motta's ears and he replied "I'll fight Cerdan when my shoulder is okay."

The main reason the agreement wasn't reached sooner was television. The International Boxing club, which promotes fights in the Garden as well as in big arenas in Chicago, Detroit and elsewhere, has a contract with the Boxing Managers Guild for all Garden fights.

It calls for main eventers getting $1,000 each as their share of the video rights. Jake balked at this.

But he finally gave in to the arguments of Jim Norris, president of the I. B. C. and accepted the $1,000 extra. Jake's end of a possible $200,000 gate would be $45,000.

Pilgrims Play Fredericktown

PLYMOUTH — With confidence restored by the 19-12 victory over Clyde last week, Plymouth's Pilgrim eleven will seek its third gridiron victory in seven starts Thursday night at Fredericktown.

Coach Dick McMullen, who has been down to 13 players at times during the season, hopes to have all but two of the first team back in the lineup. Still out with injuries are Harvey Wilson and Bill Taulbee.

Finishing out the Plymouth schedule will be a Homecoming game for the Pilgrims on their home field Nov. 11 at 2 p. m. when they'll meet Cardington. and the final game of the season with Lima St. Rose at Lima on Nov. 18.

Madison Preps For Return To Action This Thursday

The Madison football team went through its first scrimmage in two weeks yesterday as Coach Ennis Walker put the finishing touches on his team for Thursday night's home-coming game with Bellville. Madison was idle last week.

The Rams are back in fairly good physical condition now and appear to have their best chance of the season to win a game this week. Only three varsity men are still out, and they had not been counted on for some time. Ed Chelski and Kenny Woerth are still recuperating from operations and End Ed Locke is out with a fractured collar bone.

WEARING CAST

Tackle Bruce Armstrong is still wearing a cast on his hand but will have it off tomorrow and will be taped for action in the game. Likewise Norm Hughes, who saw little service in the last two ball games, will be back in action. He will be used at either guard, halfback, or both.

Most improved player during the Rams' two-week layoff has been Fullback John Papcum, brought up from the reserves. Papcum may be some action Thursday as a substitute for Roger McBride.

The Madison reserves will meet Wooster at 4 p. m. tomorrow at Madison's field.

Mr. Outside Hopes To Play Ball In Major Leagues

WEST POINT, N. Y., — (UP) — Lt. Glenn Davis, famed "Mr. Outside" of Army football during the war years, expressed a desire today to play major league baseball, but indicated he had no definite plans regarding the future until he becomes eligible for discharge next June 3.

Davis admitted he has spoken with General Manager George Weiss of the New York Yankees and Branch Rickey of the Brooklyn Dodgers. But, Davis said, "We didn't get very specific because my discharge is still too far away—and I'm not sure I'll be permitted to resign my commission even then."

Davis, who at present is assistant backfield coach at Army, refused to discuss reports that he insisted upon a huge bonus for signing, saying, "I haven't reached that stage yet."

Harry Nussbaum from Garwood, N. J., Syracuse's right end, also is a star javelin thrower.

Meske Battles Bozic In Top Grapple Bout

Dr. Ed Meske will defend his undefeated record in the Mansfield ring against the onrushes of Gentleman Fred Bozic in the weekly wrestling show at the Ashland road armory Saturday night.

The Meske-Bozic match will top a four-bout program arranged by Promoter Clete Kauffman. Kauffman has signed a new referee, Ed Strank of Huntington, W. Va., to handle the program.

Meske last week rallied to defeat Ali Pasha in two straight falls after dropping the opener. The Akron chiropractor believes in the cleaner aspects of the grunt and groan business but his opponent knows little except the punch and run brand of tactics. Bozic has lost only to Don Eagle here but has been disqualified several times for roughness.

Popular Sandor Kovacs meets Pasha and Farmer Tommy Marlin goes against Jack Vansky, another villian, in two 30-minute bouts. Then Kovacs and Marlin team against Vansky and Pasha in a one-hour tag match.

Tickets started to move briskly yesterday at the City News before Kauffman had announced the participants in the show.

Denies Reports

PROVIDENCE, R. I. — (AP) — Joe Louis yesterday denied reports he would try to regain his world heavyweight title in a fight with Ezzard Charles next June. He then toyed with Bill Weinberg of Chelsea in a 4-round exhibition bout.

'Moving of Town' Won For Mansfield

"We won the ball game because we moved the town of Mansfield to Massillon for the game."

The speaker was Augie Morningstar, athletic director and head football coach, addressing the weekly meeting of the Tyger Booster club in the school gymnasium. Morningstar was extolling the reasons for the Tygers' first victory in 40 years over Massillon before a record throng of 600 boosters.

"Always before we'd sent 11 boys over there to win the game by themselves," he said. "The game welded the community together. I've wanted the City of Mansfield to combine behind the school and finally I saw it happen."

"It was one of the greatest ball games you'll ever see," the Tyger athletic chieftain went on. "Massillon has a great ball club and it was a great victory.

"When I came here I wanted to furnish athletics and recreation for OUR town. I think now we've got a start. The game furnished recreation that made everybody happy."

But Morningstar was quick to caution the boosters about over confidence during the remaining three games on the Tyger schedule.

"Toledo Waite and Springfield are plenty tough," the coach told the boosters. "If we can get one point on 'em I'll be mighty happy."

(The third game is against once-victorious Kent Roosevelt Friday night at Arlin field).

PAY OFF QUICKER

With all of the town behind the football team, Morningstar feels that the stadium debt of $280,000 can be paid off much quicker and "we'll have money to do extra things and help other activities. The stadium is the best in the state but the note must be paid off before we can turn it over to the board of education."

Conditioning also came in for comment. Last year, Morningstar related that Springfield almost defeated Mansfield because the varsity had not played all the time in all the games. He said that the use of substitutes whenever possible didn't condition the first stringers to play all the way.

"We planned this year to use the first club as long as possible in every game so the boys could get in shape to play a full game in a tough situation," he related.

Apparently the plan worked out as Mansfield was in much better condition than Massillon in the last quarter of the game Friday night in Massillon.

Morningstar also gave the boosters a rundown of the extra duties of the coaching staff. Monday night, after the booster meeting, a staff meeting is in order and Tuesday night the coaches grade pictures of the game of the preceding week. This usually takes until 1:30 a. m.

Then on Wednesday nights the squad sees the movies and after that the coaches have another staff meeting. Thursday night, the group sees a movie uptown and then the coaches get together for a final check of plans for the game on the following night.

Friday night, the scouting staff of Paul Snyder, Fred Staub, Mike Byelene and Bob Kennedy is on the road looking over future opponents while Morningstar and Assistant Bill Peterson always stay with the team.

Then Saturday the scouts and coaches get together and go over all reports.

Morningstar gave a short scouting report on the Kent team and then concluded the meeting with a question-and-answer period on the Massillon game and movies of the Euclid game.
